

Secret Showdown Thursday May Upset Korea Truce Talks

By SAM SUMMERLIN
PANMUNJOM (AP)—An authoritative source said tonight a showdown is coming between Allied and Communist truce negotiators Thursday in a secret session which will "make or break the talks."

"There is a very distinct possibility of another breakdown in the talks," the source said. He added that the veil of secrecy will be lifted from the negotiations if there is a breakdown.

There were strong indications the showdown would come over Red demands for the recapture of non-Communist Korean prisoners freed last month and iron-clad guarantees from the U. N. that South Korea would honor a truce.

The source said Thursday's negotiating session "will be the show-down. The meeting will make or break the talks."

Officers Pessimistic
The source, who could not be identified, gave his estimate of the truce situation after the Chinese Communist radio claimed the U. N. Command negotiators "walked out" of Wednesday's truce meeting.

But Peiping Radio made it clear there would be another meeting at the customary hour of 11 a. m. Thursday (8 p. m. CST Wednesday).

The Peiping Radio said: "The other side unilaterally declared a recess and walked out of the meetings."

A. U. N. Command spokesman said only: "No comment. We never comment on Communist propaganda broadcasts."

Allied officers here were openly pessimistic over chances of an early armistice, but elsewhere there was continued optimism that negotiators would agree soon.

Allied officers in direct contact with the negotiations said the Reds have taken a tougher position and are insisting that the U. N. Command provide concrete guarantees that South Korea will observe an armistice.

These same officers, who refused to be quoted by name, said the big Communist attack on the East-Central Front indicates the Reds do not plan to sign a truce soon.

On the other hand, President Eisenhower's special truce emissary said as he landed in the United States Tuesday night that the agreement he reached with President Syngman Rhee "should assure the signing of an armistice if the Communists are sincere in their desire for peace."

"We could sign a truce tomorrow in good faith with the Communists," said Assistant Secretary of State Walter Robertson on his arrival at McCord Field, Wash.

Three Conservation Workers In Contempt Hearing At Newberry

LANSING (AP)—Three Conservation Department employees, one a field supervisor, must show cause why they should not be judged in contempt of court at a hearing in Newberry July 22.

The three were charged with divulging secret evidence given before the one-man grand jury investigating alleged irregularities in timber transactions among department employees in the Upper Peninsula.

Circuit Judge Donald E. Holbrook of Clare, sitting as a visiting one-man grand juror at Newberry, cited the three for contempt.

Cited were conservation officers Albert Livingston of Watersmeet and George Dahl of Wakefield and Chester W. Bonney of Baraga, supervisor of the field administration division in the Upper Peninsula.

Circuit Judge Karl K. Leibbrand of Bay City was assigned to conduct the contempt hearing.

Attorney General Frank G. Millard said Livingston and Dahl were sworn in as witnesses before the one-man grand jury and given the oath of secrecy.

The citation alleges that they repeated the questions asked and the

testimony they gave to Bonney, who spread the information around the community.

Millard said Bonney denied this when he was questioned.

Conservation department heads here said they planned to take no action on possible dismissal of the three until all the evidence is in.

Livingston has been with the department since 1947, Dahl since 1941 and Bonney since 1932.

Church Opposes Liquor Ruling

LANSING (AP)—A group of churchmen and drys have filed suit in the State Supreme Court to upset the State Liquor Control Commission's method of measuring the legal 500-foot distance between churches and liquor establishments.

The suit was filed on behalf of three members of Grace Episcopal Church in Detroit, Chester Elliott, Harvey Basset and Richard Bowman; Dr. E. C. Prettyman of Lansing, director of the Michigan Temperance Foundation; A. L. Spafford of Kalamazoo and the Rev. Norman W. Klump of Lansing.

They petitioned for a mandamus to force the commission to revoke the specially designated merchant (beer and wine take-out) license of Meyer Warshawsky on 12th Street in Detroit.

The complainants object to the commission's new rule, based on an attorney general's opinion, that the statutory 500 feet must be measured along the normal way of travel between the main entrances of a church and licensed establishment.

Previously, the commission measured the distance between the two closest points of such buildings.

The petitioners said that under the present ruling Warshawsky's store is 526 feet from the church. Under the old rule it was 252.

Day-Long Lull Is Broken For Wearied ROKs

By JOHN RANDOLPH
SEOUL, (Thursday) (AP)—Fresh Chinese Communist troops supported by tanks and thunderous artillery opened a new drive at dusk Wednesday south of Kumsong on the Korean East-Central Front, ending a brief lull in the biggest Red offensive in more than two years.

Frontline officers said 3,000 Reds hurled a savage two-prong regimental assault and another 3,000 were believed ready to be thrown into the renewed fight, aimed at an Allied road net.

Shelling Heavy
Fighting was described by officers as heavy where the Reds hit the line.

There was no immediate report of fighting along the rest of the 20 mile front between Kumsong and the Pukhan River in which 80,000 Reds rolled an undisclosed distance Monday and Tuesday.

Allied officers thought the renewed action would grow during the night. With part of one new division already fighting, Allied soldiers braced for more fresh Red troops.

Initial frontline reports said there was heavy Communist shelling along the front. Allied guns answered with heavy volleys.

Rain Aids Defenders
Twenty to 30 Communist tanks were believed in the immediate vicinity of the new fight below Kumsong. No Red tanks were employed in the first phase of the big battle which opened Monday near midnight.

Great Gem Thief Freed On Bond

MIAMI, Fla. (AP)—Harry Sitamore, one of the greatest jewel thieves of modern times, went his elusive way today, free on \$1,000 bond on a charge of breaking and entering.

The jockey-sized bespectacled 58-year-old man who blazed a trail of jewel thefts through resorts of this country and Europe, had been living in obscurity since receiving a pardon four years ago.

Miami police found him Monday night in the home of a retired factory operator.

Sitamore's loot in Miami Beach gems alone was estimated at more than a million dollars before he went to Florida State Prison in 1933 for a 40-year sentence.

Even as he died, a controversy raged over whether the mild-mannered transport worker and wartime auxiliary cop was guilty of a baby's murder for which another man was hanged three years ago.

The case of the insanity-pleading wholesaler in killing, who walked up his victims' bodies in his apartment or buried them in his garden, had shocked Britain as no other murder spree since Jack the Ripper's.

The sentence was carried out by Albert Pierrepoint, England's chief hangman, who keeps a Yorkshire pub called "Help the Poor Struggler," when not at his official duties.

A crowd of about 200 persons, including many school children, were gathered outside the prison gate. A truckload of police waited near the gate but there was no disturbance.

Jingle Is Clue To Future Of Soviet Russia

By DON WHITEHEAD
(For James Marlow)

WASHINGTON (AP)—"Three little in-juns out in a canoe. . . One fell overboard and then there were two."

That's the way it went in the old jingle—and that's what happened in the Kremlin canoe.

The canoe just wasn't big enough for Malenkov, Molotov, and Beria—so Beria went overboard with an assist from his old pals. They pinned on his shirt tail the label "bourgeois renegade."

No Time For War
That leaves the two little in-juns—Malenkov and Molotov—staring at each other from opposite ends of the canoe. Each of them must be aware of the dark figure of death in the shadows around them. Each must know that one death isn't enough to insure power and safety for either.

Perhaps the greatest comfort the Western world can take from this situation lies in the knowledge that the hope of freedom hasn't been crushed behind the Iron Curtain—and that Russia appears to be in no position at the present time for war.

There is little likelihood of Russia springing a surprise war against the West at least until the fight for power is ended in the Kremlin and the satellites are brought under ironfisted control. Neither appears imminent.

Supply Lines Vulnerable

Plans For Expansion Of Hospital Here Are Discussed At Meeting

The medical staff of St. Francis Hospital Tuesday night discussed broad plans for expansion of the hospital and preliminary steps in a program to achieve hospital accreditation.

Doctors using the hospital indicated a 40 to 50 bed addition is needed as well as a dietary department, possibly a new operating room, and re-arrangement of laboratory and x-ray facilities on the first floor, to make a more convenient out-patient department.

Father John Weishar of Peoria, Ill., director of hospitals for the Sisters of St. Francis, discussed needs of the hospital with members of the staff.

Green Bay and Rochester
Also at the meeting last night in the doctor's dining room in the hospital basement was Jacques DeLaurier of the Office of Hospital Survey and Construction, Lansing. DeLaurier, who reiterated his assurance that federal money will probably be available for the expansion here by July 1, 1954, sought information from doctors on the estimated number of hospital patients who receive care in hospitals other than St. Francis.

Doctors said most patients receiving hospital care elsewhere go to Green Bay and Rochester, Minn., and that others go to Milwaukee and Chicago and a few to Ann Arbor. The children's clinic at Marquette and the Veterans' hospital in Iron Mountain also serve a number of patients from the Delta County hospital area, they said.

Judge On Merits
Some doctors estimated a third of all hospital patients receive treatment elsewhere, but the majority of doctors felt the estimate was too high.

The representative from the Office of Hospital Survey and Construction said he would recommend a 140-bed hospital to serve the Delta County area.

He made no commitment on whether the additional hospital facilities would be provided here or in Gladstone, but said the state office was interested in "getting the most for its money." The programs submitted by Escanaba and Gladstone will be judged on their merits, he said.

Need Relief
DeLaurier, in response to questions from St. Francis doctors, said costs of building a new hospital, "starting from scratch," were \$15,000 per hospital bed. Additions to existing hospitals cost varying amounts, depending on the potential capacity of existing facilities, their condition, and other factors, he noted.

A survey presented by DeLaurier showed the following frequency distribution of patients at St. Francis hospital during 1952:

Daily Census	No. of Days
60-70	23
71-80	70
81-90	107
91-100	128
101-110	31
111-120	6
121-130	1

Average Census 87.
"The figures show that on 38 days you had over 100 patients, and that's too high," DeLaurier explained. He said hospitals weren't expected to operate above an average of 85 per cent of capacity. "You need relief," he added.

Meetings Planned
The average census of hospital patients from the Delta County

Briefly Told

Fair Condition—Warner Johnson, 17, of Cleveland, O., who was critically injured in a diving accident at Gladstone Beach, is reported to be in fair condition.

Marriage License—William Gartland, 1811 13th Ave. N., and Ruth Erfourth, 1315 Montana Ave., Gladstone, have applied for a marriage license in the office of the county clerk.

Delta Lodge Meets—A regular monthly meeting of Delta Lodge No. 195, F. & A. M., will be held Thursday, July 16, at 7:30 p. m., at the Masonic Temple. A cordial invitation is extended to visiting Masons.

Yacht Club Supper—The Escanaba Yacht club will hold its annual pre-cruising race supper at the clubhouse Sunday, July 19, beginning at 6 p. m. Members are asked to make reservations with the Frank St. Martins, telephone 2811, by Friday night.

Class of '33—Members of the Class of 1933, St. Joseph's High School, will meet Thursday, July 16, at 8 p. m. in the upstairs lounge rooms at the Eagles' Hall, 618 Ludington St., to make further arrangements for the class reunion Saturday, August 1.

Get Tickets—City police have ticketed Clarence K. Allgeyer of 826 Stephenson ave., for speeding; Martin Krokstad of Old State Rd., for permitting an unlicensed person to drive; Joseph W. Pinar, for excess motor noise; and Dennis T. Ladouceur of 1521 S. 8th ave., for speeding.

area was 81 in 1952 and the average census of all patients in the hospital, including those from outside the hospital area, was 87.

During discussion of hospital expansion, needs of the various hospital departments were considered as well as needs for accreditation. "Medical records are the big stumbling block in the accreditation of St. Francis Hospital," Father Weishar said.

The Peoria hospital administrator made arrangements last night to meet twice a month with the medical staff and its executive committee to survey the hospital with a view to accreditation and to make plans to fulfill requirements for accreditation.

Federal Money
Expansion of facilities at St. Francis Hospital will be aided by a 40 to 45 per cent cost contribution from federal funds, if the hospital's application is approved by the Michigan Office of Hospital Survey and Construction.

DeLaurier last night showed projected budget figures indicating that \$495,000 would be earmarked for additional hospital beds in the Delta County area. However, the Escanaba program and another in Sandusky, with similar priority, will not be implemented unless the federal appropriation for hospitals totals at least \$60 million dollars for the 1953-54 and 1954-55 fiscal years.

The House of Representatives has approved a bill for \$50 million and the U. S. Senate is considering a bill of \$75 million, DeLaurier noted. It has not been passed yet.

Dr. Groos Presided

Sisters of the hospital served dinner for the medical staff and its guests. Sisters attending were Sr. M. Cecilia, superior, and Sr. M. Roberta, director of nursing. The Sisters' accountants, Edward Franklin and Robert Saal of Peoria, Ill., also attended the meeting, and indicated that rates may have to be raised to meet costs of fulfilling requirements for accreditation.

Dr. Harold Groos, president of the medical staff, was chairman of the meeting.

Taxpayers Turn In Over \$26,000

Tax collections in the City of Escanaba since July 10 have totaled \$26,171.49, the city clerk's office reported today.

Collections Monday were \$5,609.41 and last week \$20,562. Taxes this year, on an assessment rate of \$15.69 per thousand, will bring the city \$243,607.85. The city's assessed valuation this year is \$15,526,438.

Blessing Of The Fleet Planned For August 2

The annual Blessing of the Fleet will be held at Fayette harbor on Aug. 2 by the Most Rev. Thomas L. Noa, bishop of Marquette. Each year over a thousand spectators line the docks at Fayette as the Bay de Noc fishing fleet is blessed in colorful ceremonies.

Although first held for the fishing vessels of the area, the event now includes a large number of yachts and other pleasure craft. The event is sponsored by St. Peter's parish of Fayette.

The sixth annual Blessing of the Fleet will open on August 2 with outdoor Mass celebrated at the Fatima Grotto at 11:00 a. m., E.S.T. A parish dinner will follow in the harbor from noon on. At 2:00 a band concert will be held and at 3:00 the Blessing of the Fleet.

One of the most striking features of the annual observance is the memorial service in which the dead of the Great Lakes are remembered. Anyone who lost his life on the Great Lakes may be remembered in the service if the name and circumstances of death are sent to Blessing of the Fleet, Garden, Mich.

Fayette, long a ghost town, is one of Upper Michigan's most scenic spots. Its historic roots go back into the last century when American enterprise was beginning to outstrip world competition. In those early days, the nation's vital iron industry used wood charcoal in its blast furnaces. Large tracts of hardwood were at a premium. In 1864, the old Jackson Iron Company found large concentrations of such wooded areas on the east side of the Bay de Noc, an upper region of Lake Michigan. Purchasing 26,000 acres of the territory, the company named it Fayette after Fayette Brown its manager.

After the iron company's operations began to recede, many of the families turned to farming on the cleared land, while others turned to an even older local profession in commercial fishing.

The presence of so many commercial fishermen in the peninsula prompted church authorities to hold the first annual blessing of the fleet in 1949. Although the rite is ancient in Mediterranean cultures and has long been found on the east coast and in the New Orleans region, the Fayette Blessing in 1949 is the first ever held on the Great Lakes. To date the Bay de Noc ceremony is still unique in the same region.

Band Presents Concert Here

The Escanaba Municipal Band will present an outdoor concert this evening at Ludington Park, beginning at 7:30. Cecil Collins, director, said that the program will include marches, waltzes and popular selections.

In case of rain the program will be presented Thursday night.

The program follows:
Star Spangled Banner—Key
Repas Band March—Lincoln
The Circus Bee March—Fillmore
The Merry Widow Selection—Lehar
Any Time (popular)—Lawson
The Bear Cat March—Huffine
Stout Hearted Men—Romberg
Greeting of Spring Waltzes—Russell
Colossus of Columbia March—Alexander
Your Cheatin' Heart (popular)—Williams
Cyrus the Great March—King
My Isle of Golden Dreams (popular)—Blaufuss
Circus Fans of America March—Evans
America—Carey.

Hospital

Mrs. Fred Raymond, 324 S. 18th St., was admitted to St. Francis Hospital Tuesday night for medical treatment.

R. L. Radford of Oakwood, Tex., a pipeline worker, was admitted Tuesday night to St. Francis Hospital for treatment of injuries to his right hand.

STARTS TO-NITE

Nyal H. Witham Taken By Death

Nyal Harrison Witham, 52, of 320 S. 11th St., widely known Escanaba business man, died at 9:30 a. m. today at St. Francis Hospital where he had been a patient the past two weeks. He had been seriously ill six months.

Mr. Witham, who was field assistant in the Upper Peninsula for the Equitable Life Insurance Co., first came to Escanaba as manager of the S. S. Kresge Co. store, a position he held from 1922 to 1949. He was office manager for the Harnischfeger Corporation and office and credit manager for the Earle Appliances before he became associated with the insurance company.

Graduate of Coe

He was born in Janesville, Wis., July 29, 1900, a son of George H. and Marjorie L. Witham. Following his graduation from the Anamosa, Ia., High School in 1918, he entered Coe College at Cedar Rapids where he received his degree in 1922. He was active in public speaking and in athletics during his high school and college years. During the latter he was associated with the Literary Society, National Radio Fraternity, Reserve Officers Training Corps and National Rifle Association.

His interest in all outdoor sports, particularly golf and fishing and in literature and the theatre as well as work with youth groups continued during his later years. He was a member of the Blue Lodge, and the Consistory, Chapter and Shrine of Rochester, N. Y., and the Escanaba Kiwanis Club of which he was a member of the board of directors. He was a commissioner of the District Boy Scout Council, a member of the Community Chest board, the Salvation Army board and the Chamber of Commerce.

He was a member and an elder of the First Presbyterian Church. He was also a veteran of World War I.

Funeral Service Saturday

Surviving are his wife, the former Pearl M. Yoxthimer, of Findlay, O., whom he married Sept. 21, 1926; twin daughters, Mary and Nancy, who are students at the University of Michigan; his parents, who still live in Anamosa; and two brothers, Clifford N., of Owensboro, Ky., and Verle C., of Houston, Tex.

The body was taken to the Anderson Funeral Home where friends may call beginning Friday. The Masonic service will be held Friday evening at the funeral home chapel and the regular service will be held there at 10 a. m., Saturday. The body will be taken to Findlay for burial.

Plans For Water Works Convention Will Be Made Here

Plans for the convention here Sept. 3-4 of the Michigan Section of the American Water Works Association will be drafted at a meeting here Thursday afternoon.

T. L. VanderVelde of Lansing, secretary of the Michigan section, will preside at the planning meeting.

U. P. members of committees are scheduled to meet with VanderVelde, who also is chief of the water supply section of the Michigan Department of Health.

A. V. Aronson, city manager, Russell Johnson, engineer for the Northern Peninsula Office of the Michigan Department of Health, A. C. Christensen, water plant superintendent, and J. F. Rubbo of Iron Mountain are members of the local arrangements committee which is to meet with VanderVelde.

Mrs. Russell Johnson of Escanaba, chairman for ladies activities and Steve Gorgeff of L'Anse and Joseph Rizzio of Ramsay of the entertainment committee, also are to meet with him.

A luncheon and a tour of the water plant here are planned for the meeting tomorrow.

Escanaban Fined On Game Charge

Milton Williams, 44, of 323 S. 12th St., a commercial fisherman, pleaded guilty to a charge of taking undersize fish in trap nets, in justice court Tuesday afternoon and paid a fine of \$25 plus court costs of \$9.35.

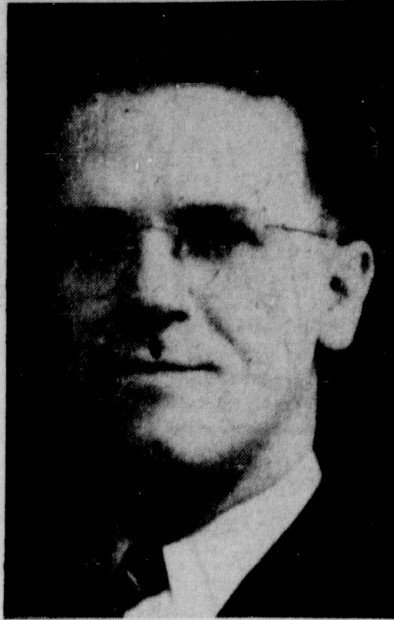

Williams was arrested July 14 in Escanaba by conservation officers, who state perch taken by him from Little Bay de Noc were less than eight and a half inches in length.

The case was heard by Judge Henry Ranguette.

Cobb, Brannstrom Win School Election

RAPID RIVER — Sheldon Cobb, incumbent, and Hugo Brannstrom were elected to three year terms in a five way race for membership on the Rapid River Rural Agricultural School board in last Monday's election.

Cobb received 103 votes and Brannstrom, who received 73 votes, edged Charles Turrin, incumbent, whose vote was 68. Other candidates and the votes they received are Mrs. Lillian Johnson, 80; and Joseph Casimir, 41.

Nyal H. Witham

Council Meets Here Thursday

A regular meeting of the Escanaba City Council will be held in the city hall Thursday beginning at 8 p. m.

City Engineer Loren Jenkins will substitute for A. V. Aronson, city manager, who is out of the city.

Business to come before the council includes opening of bids on fleet insurance, a recommendation on purchase of steam plant coal, and a report from the electric department on a street light requested on Lake Shore Drive.

Plans Launched For Fishing Derby On Escanaba River

Plans for a "Fishing Derby" on the Escanaba River during the second weekend of August were initiated at a meeting of the Delta County Sportsmen's club held at Carpenters' Hall Tuesday evening. Details will be announced later by the committee headed by Laurence Johnson which will be in charge.

A walleye feed preceded the sportsmen's gathering. The walleye feature was planned by Fred Johnson and his committee.

During the business meeting there was an extensive discussion of the question of giving the conservation department power to manage the fish and game. Interest was particularly evident in the question of granting authority to manage the deer herd.

Entertainment following the meeting was provided by movies shown by Wm. DeCock.

Swedish Consul Enlists Aid Of Escanaba Police

A Swedish consul-general in Chicago, G. Oldenburg of 330 N. Michigan ave., today asked Escanaba police to aid in determining the whereabouts of Axel Wikman, a former Escanaba resident.

In a letter to city police the Swedish consul stated that a sister of Wikman, Mrs. Esther Hertzberg, in Sweden, is trying to find her brother.

He lived in Escanaba, the consul says, in 1906 and 1907. His address then was 206 S. Charlotte St. (10th St. now.)

Anyone in the city with information about Mr. Wikman is asked to contact Capt. Jack Finn at the police station.

Gerald Cleary Services Today

Michigan state officials, headed by Governor G. Mennen Williams, veterans in whose interest he had devoted a life-time and fellow townsmen of Escanaba and of neighboring communities joined today in paying final respect to Gerald J. Cleary, prominent Democratic party and civic leader who died Sunday morning at Mackinac Island.

The funeral services were held at a solemn requiem high mass at 10 a. m. at St. Patrick's Church. The Rt. Rev. Msgr. Martin B. Melican was celebrant, Father Francis A. Hollenbach, deacon, Father Clifford Nadeau, sub-deacon, Father Michael Carmody, master of ceremonies, and Father O'Neil D'Amour was in the sanctuary.

All Saints' Children's Choir of Gladstone, directed by Father Matt LaViolette, sang the music of the requiem with Mary Jo Bolger of Gladstone, organist.

Burial was in Holy Cross cemetery.

Active pallbearers were Herbert J. Norton, Larry Farrell, Atty. Robert E. LeMire, Arthur Carlson, Claude Tobin Jr., Abe Herro, Carl Nordberg and John Perrin.

Honorary pallbearers of the Knights of Columbus were R. R. Finley, Ed Harkin Sr., Al Houle, John J. Bartella, John Manning and Francis Rooney. Honorary pallbearers representing the Elks club were Earl Flagstad, Roy Nerbonne, John Boyle, Emanuel Feldstein, F. M. Nienaber and Russell Owens.

Veterans of Foreign Wars from the Escanaba, Gladstone, Bark River, Rapid River and D. A. V. staged the largest turnout of Veterans ever held for a funeral.

The entire membership of the Mackinac Booster Club acted as honorary escort. A very large number of the Democratic committee members also were in the escort.

Those attending the funeral from out-of-town were John Cleary, Los Angeles, Calif.; Mr. and Mrs. Harold Cleary, Rockland, Mich.; Mrs. James Crowley, Wilkes Barre, Pa.; Ethel Cleary, Lansing; Mr. and Mrs. Robert Hall, Detroit; Mr. and Mrs. Earl Slattery, Appleton; Henry Wolter, Milwaukee and Mr. and Mrs. Charles Sokup, Sturgeon Bay, Wis.

Governor G. Mennen Williams, General Lester Maitland, John Gainer, Mr. and Mrs. Larry Farrell, Theodore P. Ryan, Wilfred (Bill) Doyle, Betty Murray and Julie Lawler, all of Lansing; O. K. Fietland, Wade McCree and John Perrin, of Detroit; Mr. and Mrs.

GOLD STAR MOTHERS were honored guests of the American Legion Auxiliary last night at a dinner at the American Legion Hall. The mothers were presented gold corsages by Mrs. John Luecke. They are left to right — front row: Mrs. Catherine Beauchamp, Mrs. Edna McCarthy, Mrs. John McMartin, Mrs. Harold

Johnston, Mrs. James Donovan, Mrs. Henry Breault and Mrs. John Sjöberg. Back row: Mrs. Mary Bucholtz, Mrs. Clyde McInnis, Mrs. Thomas Powers, Mrs. Elmer Bessonen, Mrs. Charles Priestner, Mrs. John Birkenmeier, Mrs. Arthur Magnuson and Mrs. Charles O. Johnson. (Daily Press Photo)

Many Streams Are Restocked

THOMPSON — The fish planting summary for District Four of the Conservation Department made by Thompson Fish Hatchery for June 1953, of legal sized trout is as follows:

Alger County, 2,000 brook and

Ronald Seeley and Mr. and Mrs. Wendell Lund, Washington, D. C.; Silas J. McGregor, Judge Ruth Shields, Sam Jacobs, Edward Dundon and Albert Wilke, all of Iron Mountain; Mr. and Mrs. Carl Nordberg and Tom Nordberg, Mackinac Island.

James P. Dunnigan, West Branch, Mich.; Mike Khoury, Judge Carroll Rushton and John Courtney, Marquette; John Kelly, Manistique; Delbert Storey, Muskegon; John Stephens, Midland; Joseph Donnelly, Houghton; Dr. John Towey, Powers; Thomas Berry, Baraga; Prentiss M. Brown Jr., St. Ignace and Judge Edward Fenlon, Petoskey.

James Dotsch, Alpena; Martin G. Peters, Milwaukee; Francis Bauknecht, Two Rivers, Wis.; Peter Calcaterra, Norway, Martin Bradley, Menominee and Mr. and Mrs. Louis Longprey, De Land, Fla.

1,000 rainbow planted. In Chippewa County, 800 brook trout and 700 browns; in Luce County 2,750 brook, 400 brown and 1,000 rainbows; Mackinac County, 1,400 brook trout, 4,300 browns; Schoolcraft County, 6,300 brook, 3,950 brown, 4,400 rainbow. The total planted for District Four in June were 29,000.

Fish planted in April 1953 in Alger County were 2,000 brook; 1,000 rainbow and 15,000 smelt. In Chippewa County, 1,850 brook trout and 800 browns. In Luce County, 1,800 brook trout; Mackinac County, 2,650 brook and in Schoolcraft County, 8,350 brook and 1,700 browns, a total of legal fish planted in April in District Four were 64,150.

Invite Your Friends Now To Be Your Guests At U.P. State Fair

THE Silver Jubilee of the Upper Peninsula State Fair at Escanaba will be observed this year, Aug. 18-23. This is a particularly appropriate time to play host to your out-of-town friends and relatives and so we pass along the suggestion to you early enough to send out your invitations.

The U. P. State Fair offers the biggest entertainment bargain that you can find. The fair has a variety of attractions with frequent changes of program. In addition, there are the exhibits, the midway with the colorful and interesting concessions, the livestock barns, etc. And there is no gate charge at the fair. You can visit the fair often throughout the week without taking a terrific whack at your purse.

The main reason that you should invite your out-of-town friends and relatives to visit the fair, however, is one of pride. The

U. P. State Fair is the show window of the Upper Peninsula. It reflects the achievements in agriculture and industry, shows the attainment of our youths in a wide program of activities.

This is the 25th year of the U. P. State Fair and it is only natural that the board of managers seeks to make this Silver Jubilee event the most outstanding in the history of the exposition.

Sit down and write to your friends in other cities. Invite them to be your guests Aug. 18-23 for the Silver Jubilee of the Upper Peninsula State Fair.

Is Red Tyranny Nearing Its End

ARE cracks—big cracks—at last appearing in the Iron Curtain? Have oppressed people reached a point of desperation where they will run any risk in an effort to rid themselves of their masters? Has the death of Stalin, and the passing on of his powers to warring factions within the Kremlin, resulted in weaknesses in the Soviet system far greater, more far reaching, than the anti-communist world even could have hoped for a few months ago?

Today, any answers to these vast questions must be hedged about with "ifs," "ands," and "buts." No one can be sure. But there is a degree of optimism in the western world that is greater than we have known in a very long time.

U. S. News & World Report began a lead article detailing Berlin with these words: "Signs multiply that the world is witnessing the beginning of the end of the new Russian empire in Europe. The myth of strength through communism is shattered by open revolt. The men in the Kremlin are desperately playing for time to patch things up, but it is becoming increasingly doubtful if they can do so, even with time. Revolt is in the air in the Soviet part of the world."

At a press conference President Eisenhower said that revolt against tyranny seemed to be spreading like wildfire. According to the AP account, he added that this shows "that people who have known freedom rate it as the highest of human values and consider life itself worth spending to regain it."

Moreover, the unrest has not been confined to Eastern Germany. It is widespread in Czechoslovakia too. And there are signs of an impending blowup of major proportions in Poland, which has been given the full communist treatment.

The difficulties faced by anti-communists behind the Iron Curtain are enormous. Purges have destroyed much of their leadership. A ruthless, huge and tough-disciplined police force, equipped like an army, is always ready to move instantly to curb dissension. Every conceivable step has been taken to safeguard communist authority. Yet, as history shows, unarmed peoples have overthrown dictatorships before, although at a terrible cost.

In a symbolic sense, one of the most striking news pictures of all time came out of the East Berlin riots and was widely printed in this country. It showed two rioters throwing stones at a Soviet tank. Obviously, the stones could not hurt the tank. Equally obviously, the rioters were in imminent peril of being blown to bits by the tank's guns. From a purely practical standpoint, the stone-throwing marked an ultimate in futility. Yet the spirit that it represented is the kind of spirit that has destroyed tyranny and created freedom ever since recorded history began.

Finally, these great events must certainly be the reason for Russia's stepped-up "peace offensive." A nation with such tremendous troubles at home is naturally eager to reduce her troubles and commitments elsewhere to the greatest possible extent.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—C. D. Jackson, Ike's dynamic psychological warfare adviser, deserves chief credit for pushing through the \$15,000,000 food gift to East Germany which has put Moscow on the spot. Certain State Department officials also deserve credit.

But the peculiar thing is that for several weeks they couldn't get any action at the top. That was why the food offer was not made at the height of the East Berlin restlessness. Secretary of State Dulles, asked at a press conference over a week ago whether he had considered sending food to East Berliners, said no. He seemed puzzled at the question as if the idea had never crossed his mind though the food plan had been hammered in this column and others for three weeks.

However, Dulles promptly sent a cable to U. S. High Commissioner Conant in Germany asking what he thought of the idea and got back a favorable reply.

Meanwhile, in the White House, the food plan for East Germany had got sidetracked by two things: An attempt to get a much wider authorization for the President to use surplus food in any area in any amount and at any time; and 2. A piece of political throat cutting aimed at Senator Hubert Humphrey, Minnesota Democrat by his Republican rival congressman Walter Judd also of Minnesota and an old friend of Ike's who plans to run against Humphrey next year.

This is what made Democratic senators sore, made them accuse the administration of playing politics with foreign policy.

As early as last January, Humphrey began proposing that U. S. farm surpluses be sent to have-not nations. On June 8, Senator Humphrey after securing White House approval introduced a bill to that end. Three weeks later the White House pulled the rug out from under Humphrey and withdrew its support. Then it submitted virtually the same identical word-for-word bill as Humphrey's but under Republican sponsorship and with no limits on time or spending.

What happened was that when Congressman Judd heard that his Democratic rival might get credit for solving the farm-surplus problem, he phoned the White House in a lather and demanded that the Humphrey bill be stopped.

KNOWLAND SAYS NO

Irony is that the administration had actually helped Humphrey draft his bill. This was brought out behind closed doors of the Senate Foreign Relations Committee as it was about to approve the Humphrey amendment unanimously. Just before the vote, California's Senator Bill Knowland, acting majority leader, walked in. Senators exhibit the written transcript as proof of what happened.

"It seems to me, I having just come in and this perhaps being a desirable amendment," Knowland observed, "it seems to me that it is rather far-reaching. . . . Before it actually goes into the bill, even on a tentative basis, I would like to have the judgment of the Treasury Department and the Commodity Credit Corporation and perhaps the agriculture people on this, because this is of considerable importance, and I do not think we ought to act too hastily. This is the first time I have seen this particular language and I do not think we ought to put it into the bill until we have at least had a chance to study it a bit and have some testimony."

However, Tyler Wood, representing the Mutual Security Agency at the closed-door meeting, spoke up: "I believe, Senator Knowland, our people discussed this, when they were asked to draft it, quite fully with the Bureau of the Budget, the Agriculture Department, I believe—and, I know—the State Department; and I believe the Treasury Department was also consulted. I could check that."

Wood then left the room to telephone the various agencies. He returned a few minutes later and announced: "Mr. Chairman, I find out that this language has been thoroughly checked and agreed by all the departments mentioned."

THE AMAZED AIKEN

Despite this, the White House promised Judd to block the Humphrey amendment. So, when it came up for a Senate vote three weeks later, agriculture chairman George Aiken, Vermont Republican, made the amazing statement: "I have had (from the White House) this afternoon a communication to the effect that if the senator from Minnesota undertook to give any impression that they had approved this amendment, that definitely is not so."

Aiken then offered an amendment in behalf of the White House. With two exceptions—no limitation on time or money—it was almost word-for-word what Humphrey had already introduced. Aiken couldn't believe it. The administration hadn't even gone to the trouble of changing Humphrey's wording.

Into The Past

10 YEARS AGO

Escanaba—The City of Escanaba has purchased a resuscitator. The new equipment will replace the old inhalator for asphyxia cases.

Manistique—Establishment of a 10 o'clock curfew law was proposed and City Attorney William Wood was instructed to draft a curfew ordinance for the next regular meeting of the council.

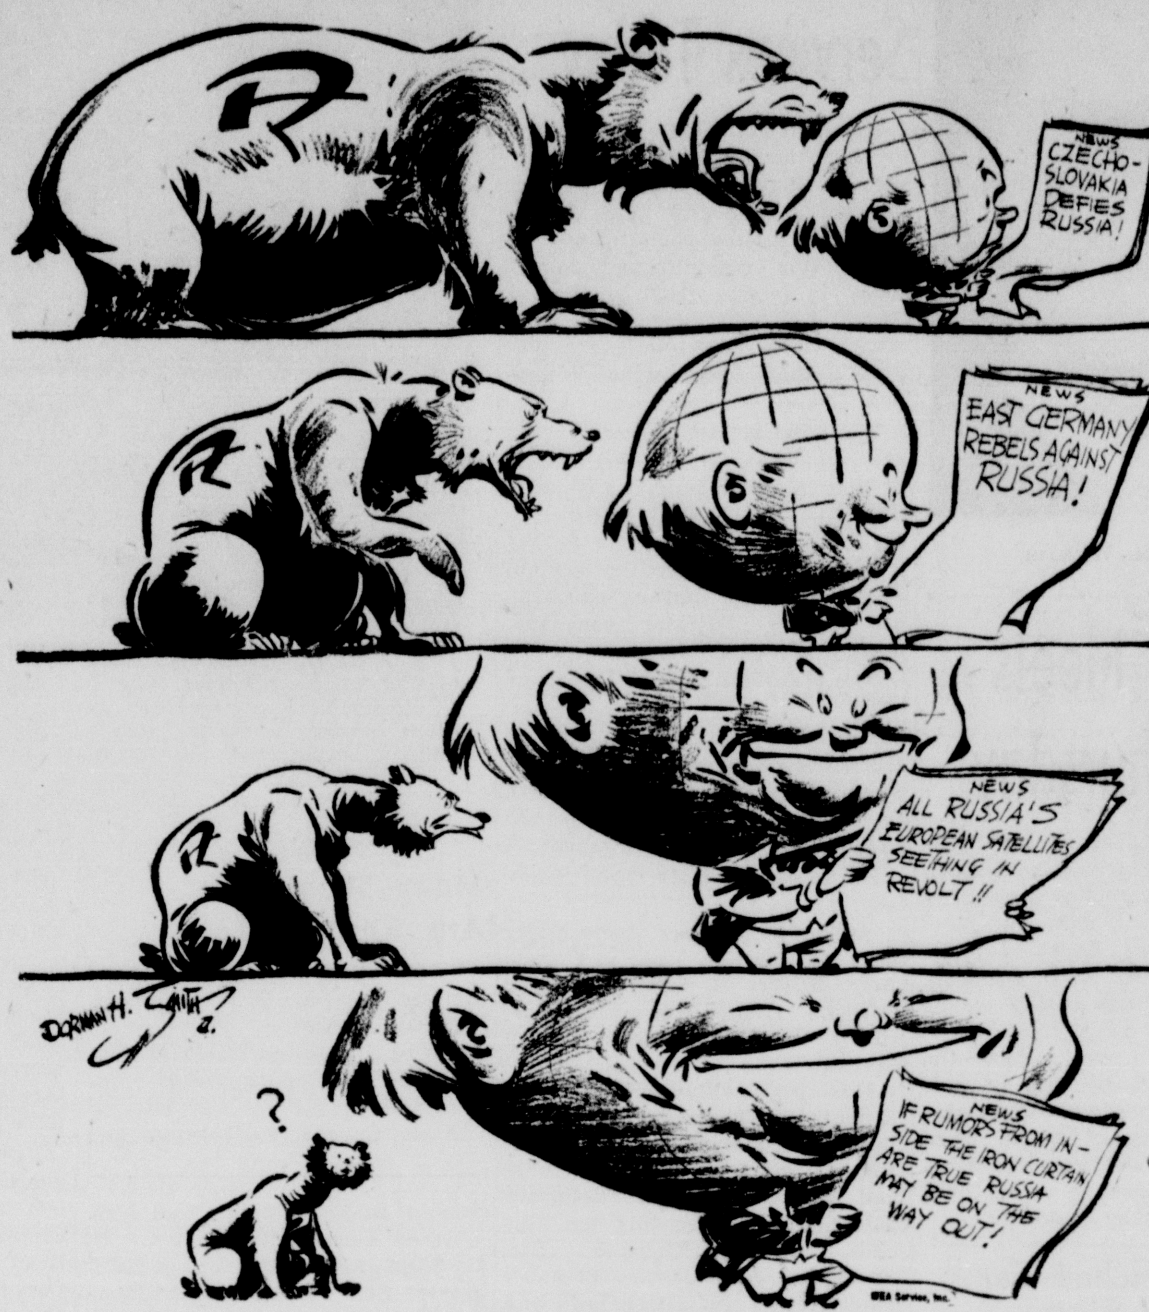

Gladstone—City Manager A. F. Raddant issued an appeal to Gladstone youngsters to help win the war. One big way, he said, was to refrain from breaking bottles on the streets, thus eliminating the possibility of damaging auto tires which are made of critical material.

20 YEARS AGO

Manistique—The city council, by resolution last night, directed public attention to the need of turning off lawn sprinklers when the fire alarm sounds. This is necessary to retain water pressure for fighting fires.

Escanaba City Manager T. F. Kessler left yesterday for Lansing where he will confer with various officials on the city's plans for a program of public works.

Building Top Brass:

U.S. Army Trains Young Japanese Officers To Be Future Generals

By DOUGLAS LARSEN

FORT BENNING, Ga.—(NEA)—The U. S. Army is now training 60 Japanese "future generals" in the infantry school here and 100 more at other Army schools.

These young officers are the cream of the so-called Japanese National Safety Force, and in a few years are expected to be its top brass.

This official revelation by the Army strips most of the fiction, which the U. S. State Department have tried to maintain, that the Safety Force exists only to quell civilian disorders. Most of the courses which the men are taking here and at the other schools deal with highly technical military subjects of little use to ordinary police officers.

The training program is an important part of the country's effort to strengthen its position in the Far East through the standardization of weapons and training among its allies.

The success of this effort, the enthusiasm of the students and the fact that most of the war-time antagonism toward the Japanese has disappeared, can best be found in the reactions of Maj. Seiichi Ochi. Now nearing 40, Ochi has one of the most impressive combat records in the class.

He won his commission with the Japanese forces in Manchuria in 1938. During World War II he fought in Indo-China, Sumatra, Burma and the Philippines.

He was a company commander on Corregidor. And he no doubt considers it a facet of our rapidly changing times that no one noted anything unusual when he and other members of the class were recently entertained in the Benning club's Corridor Room, dedicated to the graduates of the infantry school who were slain in defense of that rock.

Ochi is impressed with the organization of the training which he is receiving. He will return to set up programs for the enlisted members of the JNSP.

"Your training here is more elaborate and thorough on technical subjects with more emphasis on weapons than we had in the old Japanese Army," Ochi says. "But we trained our troops harder, under conditions closer to those of actual combat and in rougher country."

However, he believes that the net effect of the U. S. training is superior.

Since coming to the U. S. a few months ago he has cleared up one mystery of the last war which had been bothering him. That concerned the American troops' use of great quantities of ammunition. He says:

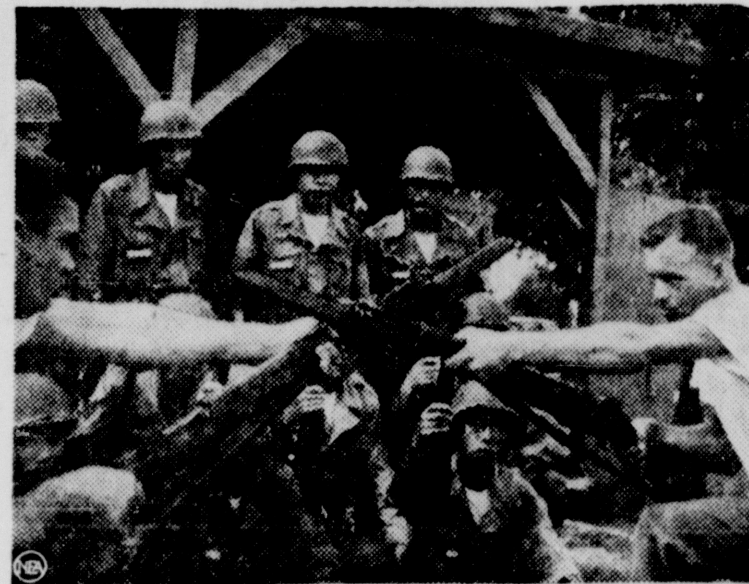

"I couldn't believe you could use so much ammunition against us without being wasteful. But now that I have seen this country, how huge it is, how tremendous some of your factories are and the great amounts of ammunition and guns you have, I understand why you felt free to use all you did."

Ochi, like the rest of his group, is reluctant to discuss international politics. But he says:

"Speaking for myself, I believe that the future security of Japan depends upon close friendship and cooperation with America. Our being here at Benning helps

JAPAN'S MAJ. SEIICHI OCHI, veteran of Japanese campaigns in World War II, stands at attention (nearest camera) with some of his 60 fellow officers training at Ft. Benning, Ga.

WHILE JAPANESE STUDENTS WATCH, U. S. Army instructors at Ft. Benning demonstrate bayonet tactics. It's part of course for Japanese National Safety Force officers in training here.

to further this."

He frankly admits that he and the others were not sure what kind of a general reception they would get in this country. But they are all relieved and pleased that the scars of World War II are apparently well healed. They have no complaints on the way they have been received here.

They rode across the country from the west coast in buses to get a closer look at the sights. Ochi was impressed with the "excellent state of sanitation which is maintained all over."

Most of Ochi's spare time is spent in the infantry school's vast military library poring over the histories of World War II in Europe. He explains that during the fighting he never got accurate accounts of what was taking place on the other continent. As a professional military man he's interested in that important action.

Ochi is married and has a young son. They live in a small town just south of Tokyo. His brother is a professor at Tokyo University.

All expenses but the actual cost of the course they are taking are being paid for by the Japanese government. The Japanese officers each get five dollars per day for personal expenses. From this small sum they've managed to hire an instructor from Manhattan university to help them im-

prove their English speaking and writing. Interpreters are used during the course, which lasts 20 weeks. But the students are getting more proficient in English all the time.

So They Say

I think 1954 is going to be a very important year in our program (atomic energy), and I tremble to think we might slacken off.—Gordon Dean, Atomic Energy Commission chairman.

"Mountains of observational data seem to provide no basis at all for supporting the suggestions that atomic explosions in Nevada are responsible for this spring's violent tornado season.—Francis W. Reichelderfer, chief of the U. S. Weather Bureau.

My life is ending, hers is only beginning.—George L. Miller, 61-year-old Chicagoan offers his eyes to a blind 16-year-old girl.

It has become evident to everybody that we are determined not only to correct some mistakes but to bring about a fundamental change in our policy.—Friedrich Ebert, mayor of East (Communist) Berlin.

Good Evening...

(Peter Edson, NEA columnist, will substitute for Clint Dunathan who is on vacation.)

By PETER EDSON

NEA Washington Correspondent
WASHINGTON—(NEA)—Shakespeare or somebody once said that consistency was a jewel. He might have added that it's rarer than most jewels when you find it among politicians.

Anyway, the furor resulting in the resignation of Dr. J. B. Matthews as chief of staff for Senator Joe McCarthy's investigating committee and the later resignation of the three Democratic members, has given Washington some prime examples of political inconsistency.

The bone of contention in this case was, of course, Dr. Matthews' article "Communism and Our Churches." It was written before Dr. Matthews was appointed to the Senate committee staff by Senator McCarthy. The line that stirred up all the fuss was the statement that "at least 7000" Protestant clergymen in the United States "are serving the Kremlin conspiracy."

In defending the Matthews appointment, Chairman McCarthy came up with a prime inconsistency quotation of his own.

"I do not," said Senator Joe, set myself up as a censor."

NEWS FOR U. S. LIBRARIANS

This should be news to the people who run the overseas libraries for the State Department's U. S. Information Centers. In their opinion, Senator McCarthy has been doing a whale of a job of censoring many whole books right off their shelves for the past several months.

In further defending Dr. Matthews, Senator McCarthy emphasized that the article on the churches was written before the author had any intention of becoming a member of the committee staff.

"He was a free-lance writer," Senator McCarthy is quoted as saying, "projecting his own views and conclusions. What he wrote in the article did not represent the thinking of the committee. It had nothing to do with the committee."

Let that one sink in for a minute. Then recall the cases of Reed Harris and Theodore Kagan, two former employees of the State Department's information staff, who were drummed out of government service after hearings before the McCarthy committee.

Kagan, deputy chief of information in Germany, admitted before the McCarthy committee that in the 1930's he had written plays which were probably "acceptable to the Communists" though they did not follow the party line. This was nearly 10 years before Kagan became a war-time government employee and before he had any intention of becoming a government employee. They did not represent the views of the government and they had nothing to do with the government.

CASE OF REED HARRIS

The case of Reed Harris is similar. In 1931, at age 21, Harris wrote a book, "Foot-ball—The Vulgarization of the American College." In it, Harris defended the right of the Communists to teach. "I wrote it in three weeks and I have regretted it ever since," said Harris before the McCarthy committee in recounting his youthful views. He said he does not now believe in the right of Communists to teach.

This Harris book was written three years before he became a government employee for the first time. It did not represent government policy and it had nothing to do with government.

For the sake of consistency, then, the question is on what differences there are between the free-lance writings of Dr. Matthews and the free-lance writings of Harris and Kagan. All were merely expressing their personal views of the time.

Dr. Matthews has led a varied and active life. Now 59, he was educated in theology and served as a Methodist missionary in Java.

In 1932 Dr. Matthews was a Socialist and a self-confessed Marxist, convinced of the necessity of a united front for all left-wing movements in the U. S. As late as 1935 he was still considered a left-winger, but shortly thereafter he changed his views again to become an anti-Communist and chief of the investigative staff of the original Dies committee.

He recounted his earlier views just as Kagan and Harris did.

Personality consists of acting natural and impressing people at the same time.

The stranglehold is barred with regular wrestlers—why not with teen-age dancers?

UNCLE EF

So many people put on airs or buy on the installment plan that you seldom hear the old-fashioned statement from acquaintances that they haven't got this or that because they can't afford it.

Questions and Answers

Q—On the state seal of South Carolina, what is the significance of the palmetto?

A—The palmetto growing out of a fallen oak stands for the victory of the Revolutionary defenders of a palmetto log fort who fought a fleet of British men-of-war built of oak.

Q—How fast does the fungus disease that is attacking oak trees in parts of the country spread?

A—Ten years ago, the death-dealing fungus causing oak wilt, had been spotted in only Wisconsin, Iowa, and Minnesota. Today it has fanned out over 18 states.

Q—Does the Korean language have an alphabet?

A—It has an alphabet of 11 vowels and 14 consonants.

The Doctor Says... Cerebral Hemorrhage Can Come At Any Time

By EDWIN P. JORDAN, M. D. — Written for NEA Service

Few things can be more distressing than the fear that one may have caused the illness or even the death of a loved one. This self-incrimination is usually mistaken.

Q—Is it possible to cause someone to have a cerebral hemorrhage? My mother had one which paralyzed her right side and left her semi-conscious. Seventeen days later she had another. I worry for fear I might have caused her to have the second because I was taking care of her when it happened. I had a soft cloth around her throat because I thought she was catching cold. In removing the cloth from her throat so I could wash her I pulled it from the back of her throat and was washing her and rubbing her with alcohol when she took a second hemorrhage and passed away. Did I cause the second one?

Mrs. P. K.

A—A cerebral hemorrhage can come at any time without warning, and it can be considered pure coincidence that your mother had one while you were caring for her. It must have been a sad and shocking occasion, but you can feel sure that you did not cause the second attack.

Q—About 16 months ago I had a bad case of bronchitis, and the eustachian tubes in my ears collapsed. Does this, as a rule, cause deafness?

Mr. W. J.

A—This could cause temporary interference with hearing, but is not likely to cause permanent complete deafness. If properly treated one would expect the effects to dis-

appear and the hearing to return.

Q—Kindly advise if grape juice tends to increase high blood pressure, or if a tendency towards high blood pressure is present, should one refrain from drinking grape juice daily?

Mrs. J. C.

A—There is no reason to believe that grape juice would either increase high blood pressure or decrease it. Too much fluid of any kind might be inadvisable, but otherwise, there is no reason either to favor or condemn grape juice in the presence of hypertension.

Q—Where can I go for treatment to reduce a very high blood cholesterol determined by a capable biochemist?

Mrs. G. K.

A—There is some doubt that the level of cholesterol in the blood can be reduced by external actions. It may be, however, that a physician would like to place you on a diet of foods containing small amounts of cholesterol. Any physician can look up these foods and tell you what they are if it seems advisable.

Q—My daughter, the mother of four children, has lost all her hair. Can you advise me what to do?

A—This is probably a condition known as alopecia totalis. There is some chance that the hair will grow back and I should suggest that you direct your daughter to a skin specialist.

New Money Boss Used "Hard" Policy In Bid For Stability, Healthy Dollar

By Congressional Quarterly
WASHINGTON (CQ)—The Eisenhower Administration has placed a firm hand on the arterial pressure points of the nation's monetary circulation.

The "doctor" in charge, Treasury Secretary George M. Humphrey, is applying pressure in an attempt to remedy inflation and keep the economic bloodstream from popping its arteries. He has prescribed treatments which involve: Transferring the public debt into long-term securities, offering higher interest rates on government bonds and short-term paper, and allowing government security prices to fluctuate in the open market.

Humphrey's critics contend his treatment will bring a hardening of the economic arteries since cutbacks in government spending are expected and a slow-down in the economy is possible.

But the Administration's money boss maintains the new policies

will promote stability and a healthy dollar. Here's how he has gone about it.

"Expensive Money" Plan

In January, holders of government certificates were offered an exchange to longer term certificates and bonds at higher interest rates. Later the Treasury offered a 30-year bond issue bearing 3 1/4 per cent interest, an issue which has had a fluctuating price in the market. This also was an offer at higher-than-usual rates and for longer-than-usual terms.

Short term, highly liquid securities, when poured into the banking system, expand the supply of money and accelerate its rate of circulation.

The more liquid reserves Federal Reserve Banks have, the more loans they can make. By transferring some of the federal debt into long-term securities, the Treasury taps savings, instead of creating money.

When bank reserves are low, less credit is available, lenders want higher interest rates and potential borrowers are forced out of the market.

So by offering recent security issues at high interest rates the Treasury reinforced the "expensive money" trend. Since government securities are dominant in the money market, other lenders followed suit, raising their rates.

In other credit contraction moves, the Reconstruction Finance Corporation has announced tighter loan policies, the Agriculture Department has upped its crop loan interest rates, and the Veterans Administration and Federal Housing Administration now permit higher interest rates on mortgage loans they guarantee.

Another "hard money" policy is not strictly an Eisenhower Administration innovation. During the years of heavy government borrowing, the Democrats tried to cut the cost of carrying the public debt by keeping interest rates low. One way was to support government security prices at or near par.

To do this the Federal Reserve Board bought bonds in quantity forcing security prices up. Every time the Federal Reserve Board bought a bond it paid a security dealer's bank which deposited the money in a Federal Reserve bank, increasing reserves available for loans.

After a disagreement in 1951, the Treasury and the Federal Reserve Board agreed the Board would be free to base its open market operation on the need for expanding or contracting credit, rather than a policy of supporting bond prices.

While the Truman Administration was hostile to this agreement, Humphrey is cooperating with the Federal Reserve Board in implementing it. Evidence of this is his willingness to let the 30-year 3 1/4 per cent bonds dip below par.

With less Federal Reserve System security purchasing, banks have had to borrow from the System for reserves. The Federal Reserve System can exert considerable control on expansion of reserves through this method by adjusting discount (interest) rates.

To contract credit, the System merely raises its discount rates, making banks reluctant to borrow and forcing them to charge higher interest rates on money they lend.

REAL FAWN—This baby deer peering out of a burlap bag looks unhappy, but he's among friends. He is one of the many "bagged" annually at the Cusino, Mich., Wildlife Station, where scientists are conducting experiments. He and others will be watched carefully as they develop to provide more information for Michigan's deer management program.

The star Deneb, in the constellation Cygnus, is the north polar star of Mars.

Hong Kong Textile Industry Declines

HONG KONG (AP)—The hard-pressed textile industry in this British colony will continue to decline and there is no hope it will ease in the immediate future, according to Labor Commissioner B.C.K. Hawkins.

Reporting on labor conditions for the first three months of 1953, Hawkins said the main reasons were the sudden drop in the price of cotton yarn, inadequate working capital and trading restrictions particularly with Indonesia.

He estimated 5,500 workers in the knitting and weaving industries were jobless.

Thai Government Seeks Cheaper Rice

BANGKOK (AP)—The Thai government, conscious that the once flourishing rice trade is changing from a seller's to a buyer's market, plans putting into effect measures which will enable Thailand to sell its rice cheaper.

The plan, to be financed by the government and Mutual Security Administration, provides for establishment of cooperative societies and marketing organizations which will cut out the low "middlemen" prices by buying up farmers' crops at better rates.

Exploding coal dust exerts a tremendous pressure, sometimes approaching 20,000 pounds per square foot.

Counties Get \$87,150 To Boost Polio Work

LANSING (AP)—The National Foundation for Infantile Paralysis today sent \$87,150 to 11 Michigan counties to refill treasuries emptied by the high cost of last year's polio epidemic.

The Foundation said 33 counties in Michigan have received \$437,975 in emergency grants this year, making it the third in the nation for epidemic grants.

The new allotments: Allegan, \$18,575; Bay, \$3,000; Dickinson, \$4,300; Gratiot, \$2,500; Hillsdale, \$5,000; Isosco, \$5,900; Kent, \$22,000; Menominee, \$5,300; Montcalm, \$4,575; Ottawa, \$8,000; and Van Buren, \$8,000.

Arrests Stepped Up By FBI During Year

WASHINGTON (AP)—The FBI made more arrests and helped bring about more convictions in the fiscal year ended June 30 than in the preceding year.

In a summary of its activities, the agency said Monday there were 9,859 convictions in FBI cases compared with 9,036 in the previous year.

The number of arrests also increased—13,839 compared with 11,100 in the previous year.

Ore Piled Up

CLEVELAND (AP)—Freighters hauled 3,265,938 tons of iron ore down the Great Lakes last week and boosted the season's movement to 41,793,231 tons, the Lake Superior Iron Ore Association reports. A year ago, while a steel strike hamstrung ore shipping, the movement stood at 21,752,304 tons.

Thousands of Michigan People Publicly Endorse O-JIB-WA BITTERS

Many customers proudly tell us of the wonderful results that they are getting from O-JIB-WA BITTERS. In appreciation, these sufferers from rheumatism, arthritis and stomach trouble relate their experiences below. Their recommendations are offered here as more convincing proof that O-JIB-WA BITTERS is worth your trial.

"I hate to think of how I suffered before I used O-Jib-Wa Bitters. For 25 years the pains of arthritis in my arms, legs and shoulders were so bad that I could hardly get around and at times I couldn't raise my arms to comb my hair. O-Jib-Wa really helped me, as now, I haven't an ache or pain in my body and my stomach and nerves are also better."

MRS. BROWN
N. MUSKOGEE

"O-Jib-Wa Bitters not only did wonders for arthritis in my wrist, but at the same time gave me lots of pep and energy. I was always tired and run down and suffered continually from indigestion and stomach trouble, but now feel better than I have in years and give full credit to O-Jib-Wa. I always recommend it to all the people I meet who suffer like I did."

MR. NOESKE
DEARBORN

"I suffered terrible pains from rheumatism and arthritis in my hips and legs for over four years and spent over \$500 for medical treatments with no results. Then I tried O-Jib-Wa Bitters and after three months felt like a different person. I am all better now, and found O-Jib-Wa the greatest and least expensive treatment of them all."

MR. V. HANDY
BATTLE CREEK

"It is gratifying to find a medicine for rheumatism and arthritis that is as good as claimed. I suffered with arthritis in my hips, thighs and legs and had lots of pain. I limped badly when I walked and sometimes couldn't even get out of bed. Thanks to O-Jib-Wa Bitters I feel fine and do my own housework and live a normal life once again."

MRS. SCHWALM
BAD AXE

"The pain of arthritis in my feet was so bad that many times I just sat and cried as I thought I would never walk again. Treatments failed to help me until I tried O-Jib-Wa Bitters. Why, in three weeks I could see a world of difference and in about two months I was entirely better and up and around again as good as ever. O-Jib-Wa is truly a wonderful medicine."

MRS. KNEISHAW
ALGONAC

"I suffered so much with stomach and kidney trouble and back aching that I had to sell my business. Being on my feet all day was just impossible. O-Jib-Wa helped me in a week. I was 100% better. My wife also took four great medicine with equally remarkable results, so we both praise it highly."

MR. KANE
GRAND RAPIDS

"The hard sharp pains of neuritis in my back, arms and legs have entirely left me since taking O-Jib-Wa Bitters. O-Jib-Wa did more for me in just 30 days than everything else I tried put together in the last three years. It's too bad all people suffering with arthritis and neuritis don't try it sooner. O-Jib-Wa has helped me feel so much better."

MRS. H. GOSWICK
OWASSO

"For 10 months I had to walk stooped over with rheumatism and arthritis in my back and shoulders, and suffered intense pain with every move I made. Nothing did me a bit of good until I tried O-Jib-Wa Bitters. After taking for three weeks, my pains were greatly relieved and in three months, all the pains had completely left me."

PMA Officials Discuss Quota Election Here

Production Marketing Administration county committees and secretaries from nine Upper Peninsula counties met in Escanaba City Hall today to discuss problems connected with procedure to be used in an impending election when farmers will vote on whether or not to have marketing quotas, Warren Hubbard of Stephenson, U. P. field man for the P.M.A., said.

Hubbard explained that the election, originally scheduled for July 25, may be postponed to August 14 if a bill now before Congress passes. The bill concerns the minimum acreage a farmer must have in order to vote in the election, Hubbard said.

Marketing quotas involve instructions from the government to farmers to plant only a certain number of acres of a given crop, in this case wheat. If the farmer then plants only that amount, he is eligible for price support, Hubbard said. In order for marketing quotas to be in effect, two-thirds of farmers throughout the nation who vote in an election on the issue, must vote "yes," Hubbard said.

Upper Peninsula counties represented at today's meeting included Delta, Dickinson, Menominee, Iron, Houghton, Baraga, Marquette, Schoolcraft, and Alger. Frank Brander, chairman of the Delta County Committee, was present, as was Mrs. Irene Blomberg, secretary.

Thursday Hubbard will go to Sault Ste. Marie where he will participate in a similar meeting with representatives from Chippewa, Mackinac, and Luce Counties, he said.

Escanabans See Finish Of Sail Race At Mackinac

Russell Johnson, commodore of the Escanaba Yacht Club, and John Mitchell, secretary, returned Tuesday from Mackinac Island, where they watched the finish of the annual Chicago-Mackinac sailboat race. They were accompanied by Mrs. Mitchell and Mrs. Johnson and the Johnsons' two sons, James and David.

School Clean-Up Underway Here

Customary annual cleaning now is underway in Escanaba public school buildings, Supt. John Lemmer said today.

This summer new glass backboards were installed in the Junior High School gymnasium and the gym floor was refinished. The boards were furnished by the Senior High School Athletic fund.

Five men teachers have been hired to aid the custodial staff during the summer clean-up.

More people get more news from newspapers than from all other sources combined.

LITTLE LIZ

Life begins at 40 for some folks, but you can't convince the insurance companies.

Inland Freighter, Philip D. Block, Ready For Service

A three-year program of repowering and lengthening the ore boats of the Inland Steel Company fleet will be completed this week when the carrier Philip D. Block leaves Chicago en route to the upper Great Lakes on its first ore-carrying run of the season.

With the sailing of the Block, which has been in the South Chicago yards of the American Shipbuilding Company since last fall, all of Inland's vessels will be back in operation. In terms of iron ore tonnage, the repowering program has added about 135,000 tons per year to the capacity of the company fleet.

The Philip D. Block was equipped with new 4,500 horse power steam turbine engines and boilers, as well as new pumps, generators, and auxiliary engines. The after-cabin and superstructure were rebuilt to provide new and improved quarters for the crew, and the whole vessel was repainted in the distinctive pattern of the Wilfred Skyes, flagship of the inland fleet.

Following a trial run of 10½ hours on Lake Michigan last Saturday, during which the new power plant was found to be functioning properly, the Block was pronounced fit and preparations were undertaken to ready her for full duty. Preliminary estimates indicate that the new engines will provide the vessel a 20 per cent increase in speed, probably cutting 15 hours from the average round trip time and permitting about five additional trips per season.

Former Escanaban Gets Green Bay C&NW Assignment

Gust C. Johnson, former Escanaba resident, has assumed duties as supervisor of buildings and bridges for the Chicago and North Western Lake Shore division in Green Bay.

Johnson, son of Mr. and Mrs. C. P. Johnson, 601 S. 9th St., succeeded the late Arthur Deno, who held the post for many years. He took over July 8.

Johnson began work with the C&NW in Escanaba and was bridge foreman on the Peninsula division. In 1946 he was assigned to Chicago as assistant buildings and bridges supervisor and shortly afterwards was made supervisor.

He held the Chicago post until he was assigned to Green Bay. His wife and five children will move to Green Bay from Chicago this summer.

Brother, Sister At Interlochen

William and Catherine Harrison, children of Dr. and Mrs. William C. Harrison of 403 S. 7th St., are attending the National Music Camp at Interlochen, Mich.

William plays the trombone and his sister, the violin. The two were driven to Interlochen Sunday by their parents. There they joined another Escanaba music student, Sara Dunathan, whose parents, Mr. and Mrs. C. B. Dunathan, accompanied her to the music camp.

West Berlin Again Doles Out Food To Hungry Easterners

By DON DOANE

BERLIN (P)—Thousands of hungry East Berliners scorned Soviet promises today and came to West Berlin's "relief market" for food they cannot buy in bare-shelved Communist stores behind the Iron Curtain.

It was the second day of a practical food relief program which has brought howls of rage from Communist propagandists.

The food distributed was not much in relation to the 18 million people living on short rations in Soviet East Germany but it was a severe blow to Communist pride. Right on the sector border, in full view of both East and West, "capitalistic" West Berlin was doling out food to the people Moscow claimed it could feed without interference when it turned down a 15 million dollar American food offer.

The way East Berliners snapped up the food at less than a fifth the normal price proved the emptiness of Moscow's claims — and of East Berlin's grocery stores.

More than 1,000 quarts of milk and 11 tons of potatoes were distributed before noon today. Tuesday's output was 1,820 quarts of milk, 2,200 pounds of cherries and 11,200 oranges.

Costume Party For Kids To Be Held Here On Thursday

A costume party for Escanaba youngsters will be held at Royce Park on Thursday, sponsored by the city recreation department under the direction of Bertha LaChapelle.

Children from throughout the city are urged to attend and they may come in the morning and bring lunch, if they wish.

The party will be climaxed by a parade on the grounds at 2 p. m. Youngsters will march before a reviewing stand where their costumes will be judged. Parents and friends are invited to watch the parade.

Prizes will be awarded to the most beautiful costume, the most unusual, most colorful, funniest, most authentic, and also for the one made by the child and for the family with the largest number of entries.

Low Road Bid Made By Iron River Firm

An Iron River firm, Northern Asphalt Co., submitted the low bid of \$46,381.82 on an Iron County road project for which sealed bids were opened here Tuesday the Escanaba office of the Michigan State Highway Department has announced.

Second lowest bid, from Bacco Construction Co., Iron Mountain, was \$59,640.60. Third lowest bid was \$61,613.85, from A. Lindberg and Sons, Ishpeming.

The project is described as: CB 36-24 C1—4.559 miles of grading and drainage structures and 21-foot aggregate surface course on F. A. S. Route No. 204 from US-2 northerly, Iron County.

Other bids included Proskesh Construction Co., Iron River, \$62,554.14; Straits Construction Co., St. Ignace, \$64,694.15; George H. Hoeking, Donken, \$68,762.35; and Dean B. Ekstrom, Superior, Wis., \$80,608.80.

Bids have been forwarded to Lansing where, if the usual pattern is followed, contracts will be awarded in about 10 days, the highway department said.

Fire Exit Planned For Newhall School

Bids were opened by the Wells Township School Board last night on the construction of a fire exit in the basement of the Newhall School. Lloyd Sodergren's low bid of \$881.65 was accepted by the board.

Walter Arntzen representing the architectural firm for the new Wells School, discussed changes in the plans recommended by the County sanitarian, Wallace Benzle. The board approved the changes.

Arntzen was authorized to draw up bid specifications for the pump for the new Wells School.

The board discussed the design of the proposed Soo Hill school addition. Arntzen was authorized to go ahead with the preliminary plans.

Supt. Lawrence Klug was authorized to have additional gravel delivered to the Pine Ridge and Newhall schools.

Comp Commission Ends UP Hearings

The Michigan Workmen's Compensation Commission this morning concluded hearings in Delta County Courthouse on compensation cases from the entire Upper Peninsula. The Commission heard four cases this morning.

Silas McGregor, deputy commissioner in this area, was scheduled to continue to hear cases this afternoon.

Cases heard this morning included Thomas T. Johnson, McMillan vs. Northwestern Veneer and Plywood Corp. of Gladstone; Per L. Swanson, L'Anse, vs. Arna Kerkela; Dale Burley, Munising, vs. William Carlson; and John Fish, Iron River, vs. R. Lindahl Lumber Co., Iron River.

The Commission heard 11 cases yesterday.

Decisions of the Commission will be made known at a future time.

Three of the four members of the Commission were present. They were Theodore Ryan, chairman; Delbert Storie, and Wade McCree.

The Commission, which comes to the Upper Peninsula three times a year, will be here next sometime in the fall, Storie said.

Wall Street

NEW YORK (P)—An advance in the stock market today carried prices moderately higher.

At the outside the gains ran to between one and two points. Minus signs were scarce.

Volume was around Tuesday's total of 1,030,000 shares.

Railroads were the most active of the major groups and had some of the better gains. Aircrafts also had good gains but little of the activity.

Steels and motors were fairly active and higher. Also in the advancing class were oils, utilities, coppers, rubbers, distillers, radio-television, and chemicals. Other areas of the market were steady.

Among higher issues were New York Central, Illinois Central, Texas Co., Consolidated Natural Gas, International Nickel, U. S. Steel, General Motors, Studebaker, Boeing, Philco, and Dow Chemical.

AT&T reported second quarter earnings equal to \$2.56 a share, the same as a year ago. For the 12 months ended June 30 earnings were equal to \$10.09 a share as against \$10.21 a year ago.

U. S. government bonds were steady.

Obituary

MRS. MATILDA VAN HALA TRENARY — Funeral services for Mrs. Matilda E. Van Hala will be held tomorrow, July 16, at 1 p. m., at the Trenary Methodist Church at Trenary with Rev. Amos Marini of Gwinn officiating. Burial will be made in the Trenary Cemetery.

Mrs. Van Hala, 83, died Monday, July 13, at the Munising Hospital where she had been confined for the past three weeks. She had been ailing about four months.

Born Feb. 24, 1870 in Finland, she came to the U. S. in 1893 and settled in Ishpeming. After 12 years, she moved to Trenary.

She is survived by six sons, Henry, Lakewood, O.; Arthur and George, Detroit; William, Wyandotte, Mich.; Victor, Milan, Mich., and Fred, Trenary; five daughters, Mrs. W. G. (Anna) Ward, Gladstone; Mrs. Ed (Marie) Lucier and Mrs. Vernon Vining, Munising, Mich.; Mrs. Roy (Selma) Knoll, Eugene, Ore., and Mrs. Roy Green, Holland, Mich., several nephews and nieces, 14 grandchildren and 13 great grandchildren.

The body now lies in state at the Beaulieu Funeral Home in Munising where friends may call. Mrs. Van Hala will be taken to the Trenary Church Thursday at 12:30 p. m.

Jingle Provides Clue To Russia's Political Future

(Continued from Page One)

chance to throw off the Soviet shackles.

In case of war, Russian supply lines always would be vulnerable. Food, ammunition and reinforcements would be moving through hostile country. The Russians must be well aware of this threat in any war in Europe. No army is safe with enemies behind it.

The fight for power in the Kremlin thus offers a measure of relief in the Cold War. How long it will continue no one can say.

But the Little Injun jingle gives a clue on what the future may hold:

"Two little Injuns fooling with a gun. One shot the other, and then there was one."

Day-Long Lull In Korea Broken By New Red Push

(Continued from Page 1)

A combination of stubborn South Korean resistance, driving rain and a blistering curtain of Allied artillery fire had stalled the massive Red drive by 11 a. m., Tuesday along the front.

As sturdy ROK troops braced themselves against attack in the approaching darkness, Allied light planes reported sighting numerous company and battalion-size build-ups. Some of the sightings were made in the Kumsong River area, where the ROKs withdrew Tuesday to the south bank under orders from Gen. Maxwell D. Taylor.

Air Action Increased

Earlier today, the 8th Army commander flew to the front for the second straight day and said the line had been stalled.

In the air, American Sabre jets shot down two MIGs, with Maj. James Jabara bagging his 15th Russian-built jet to boost himself to within one of the all-time record of 16.

The Wichita, Kan. sharpshooter, America's first jet ace, bagged his 15th during a late afternoon sweep deep in North Korea.

Heavier than usual military censorship in Seoul and Tokyo covered news reports describing the depth of the Red penetration.

U. N. censors operated under instructions to blue pencil news reports of information considered of value to the Reds.

As the overcast began to clear late Wednesday, Fifth Air Force stepped up blow against the Reds.

Before that, fewer than 100 planes unloaded about 100 tons of bombs on Communist frontal areas from Kumsong to the East Coast.

Hospital

Mary Hanley, 8, daughter of Mr. and Mrs. Roger Hanley, Ford River Road, was taken to St. Francis Hospital today after fracturing her right arm in a fall on the porch steps of the home of her grandmother, Mrs. E. F. Bolger, 506 S. 9th St. She will return home from the hospital tomorrow.

MARQUETTE — Marquette already has received a "dividend" on its new \$1,100,000 sewage disposal system.

The regional office of the State Department of Health has informed City Manager James A. Clulo that swimming at Picnic Rocks and Shiras Beaches is now all right as a result of the new sewage disposal system.

HOUGHTON — The Boards of Directors of the Copper Range and White Pine companies, are visiting in the Upper Peninsula. They arrived in Houghton via the Copper Country Limited at 9 a. m. today and are inspecting the Freda Mill, the Copper Range Tree Farm, the Quincy smelter, the Copper Range Railroad, the Michigan College of Mining and Technology, and the Champion Mine.

HOUGHTON — Burney B. Bennett, director of College Relations and Professor of Languages at the Michigan College of Mining and Technology, has resigned from the college staff to accept a position in Washington with the Federal Government. It is announced by Dr. Grover C. Dillman, President of the college.

IRON MOUNTAIN — W. E. Stonebraker, formerly personnel officer at the Veterans Administration Hospital in Omaha, Neb., has been appointed assistant manager of the Iron Mountain VA

Hospital to fill the position vacated by K. J. O'Brien, who was transferred to a larger VA Hospital at McKinney, Texas, as assistant manager. Mr. Stonebraker will arrive on Monday, July 20, to take up his new duties, according to Dr. Carleton Bates, manager.

SAULT STE. MARIE — Mrs. Cliford Besau (Edith McCance), 44, was fatally injured when she walked into the path of a Soo Line train about 5:00 p. m. Monday, July 13, 1953.

Witnesses said she stopped, and then started running across the tracks in front of the outbound train, at the Northwestern Leather Co. crossing.

Mrs. Besau, who resided at 1400 Ash St., was brought to the War Memorial Hospital, but died at 6:04 p. m., about an hour after she was struck by the train.

SAULT STE. MARIE — Actress Helen Hayes was in Sault Ste. Marie briefly Monday. Miss Hayes came in on Capital Airlines at Kinross Airport Monday afternoon. The famous lady was recognized by a member of local residents when she got off the plane. She took the airport limousine to the Sault and is reported to have gone on to Hilton Beach on St. Joseph Island. She is expected to return to New York by plane Sunday.

Goes To Ottawa

U.S. And Canada Plan Aid For Niagara Falls

WASHINGTON — The United States and Canadian governments plan new aid for Niagara Falls in its fight for survival with nature.

Increased diversion of water upstream from the Falls and installation of a control structure in the Niagara River a mile above the Canadian Horseshoe Falls are the latest engineering schemes devised by the two nations to prevent the spectacle from gradually crumbling away.

In the last 100 years Niagara's twin cataracts have receded 300 feet and the retreat continues at the rate of one to four feet annually, says the National Geographic Society.

If the erosion continued unchecked, American Falls would be a bone-dry cliff in 2,000 years, and in another 20,000 years there would be nothing but 35-mile rapids from Buffalo to Fort Niagara.

More Electric Power

With more water diverted to hydroelectric use, the Falls will be slowed down at night and in the off-season to 50,000 cubic feet per second, only a fourth of their normal flow. During spring and summer months, the daytime flow will be maintained at 100,000 cubic feet for the benefit of the 3,000,000 annual visitors.

The lip over which the water tumbles is a hard limestone ledge 12 feet thick. Beneath it are layers of shale, limestone, red Medina and sandstone. The churning waters from the upper river wear away the soft strata and produce the overhanging lip of hard limestone, from which huge pieces break at intervals.

On June 25, 1850, a slice of famous Table Rock on the Canadian side broke away and tumbled into the gorge. There were breaks in 1853, 1877, 1889, and half a dozen since. Some 900 feet of the Canadian Horseshoe Falls have worn away since a French missionary, Father Louis Hennepin, first came upon the Falls on the

morning of December 6, 1678.

Drains Large Area

The Niagara is remarkable among the world's rivers for the constancy of its volume. It collects the entire natural discharge of four of the five Great Lakes, all except Ontario. The watershed covers an area nearly as large as the state of Texas and holds captive half of the fresh water in the world.

Niagara is not the world's biggest waterfall. Both Africa's Victoria Falls and Iguassu Falls in South America are wider and higher and crest a much greater water volume in their local rainy seasons, but Niagara's year-around volume is much greater. South America's Guaira Falls and the Khon Cataracts of Indochina carry larger volumes than Niagara, measured around the year, but neither is as high.

The American Falls at Niagara is 167 feet high and 1,000 feet wide, while the Canadian Horseshoe Falls are three times as wide but only 160 feet high. About 94 per cent of the Niagara River's

MAN-SIZED MEAL — Plenty of steaks could be smothered by this giant mushroom, held by Stephen Kantorowicz, who found it in Minneapolis, Minn. Each cap of the mushroom grows on a separate stem and is called an oyster room. They grow on wood.

POLICE TO RESCUE

DENVER (AP)—Police Capt. Edward Swank rescued a 43-year-old woman, part of whom was caught in the zipper of a new blue evening gown.

flow passes over the Canadian falls.

Cars, No Furniture, Leads To Divorce

LONG BEACH, Calif. (AP)—The road to a happily married life turned into a highway of foreign sports car buying—and therefore won an attractive Long Beach woman a divorce.

She told the court her husband preferred cars to furniture. She said he bought four foreign cars, including one costing \$4,200, since their 1950 marriage.

The only other property the couple had, she said, included a TV set and a tape recorder, "but not a chair to our name." The judge awarded the TV set to her, recorder to her husband.

As for foreign cars, she said she has no objection to them. "I drive one myself."

When Columbus first discovered Jamaica in the West Indies he called it Santa Gloria "on account of the great beauty of the country."

No Leaves On The Mint In 1953 Model Julep

By RICHARD KLEINER
NEW YORK—(NEA)—The man said did I want to try a new way of making a mint julep. It was a silly question because the temperature was 87, the humidity was 90 and, besides, it was hot.

First they said I really ought to see how they made a mint julep, the old-fashioned way. They took some mint leaves and bruised the living chlorophyll out of them. Then they added some sugar and some water and hit 'em again, harder.

This liquor was poured into a glass full of crushed ice. Next came a mean-looking hooker of bourbon. This whole mess was stirred up and then they stuck a sprig of mint leaves on top. Jaunty affair.

"Taste this," said the man.

HARD CANDY: Reporter Kleiner ponders leafless mint julep.

Except for the fact that the mint leaves tickled my nose, it was splendid.

"Splendid," I said.

"Note the time it took to make a julep the old-fashioned way," he said. "Now note the time it takes the new-fashioned, peppermint julep stick way."

He took a glass of crushed ice, poured in an identical portion of bourbon. Then, with a flourish, he produced a peppermint stick, unwrapped it and stuck it in the glass.

"Taste this," said the man. "Splendid," I said. "Which do you like better?"

I sipped both. "Both splendid," I said.

While I sipped judiciously, they explained the whole business. It seems the peppermint stick has the sugar and mint flavoring built-in, and it all dissolves.

Makes the julep have a green coloring, which the traditional julep resents. The traditional julep is amber colored.

Coloring a mint julep green is an insult. At least that's what some Kentuckians are saying. Almost as bad as turning the blue grass maroon. But what difference does it make? The glass is so frosty it could be polka-dotted and you'd never know.

This great advance is a promotional stunt by a Kentucky bourbon maker. I didn't catch the name of the company, but the first two syllables are the same

French Troops March On Bastille Day With American Equipment

PARIS (AP)—France's brightest military units, largely equipped with American arms, marched today in the Bastille Day parade as thousands cheered.

It was perhaps the warmest reception given to a military parade in France in four years. The celebration commemorates the storming by the Paris populace of the Bastille, ancient fortress where political prisoners were kept, in 1789 at the beginning of the French Revolution.

Units in today's parade ranged from coal black Senegalese to pale-skinned scholars from the Polytechnic Institute.

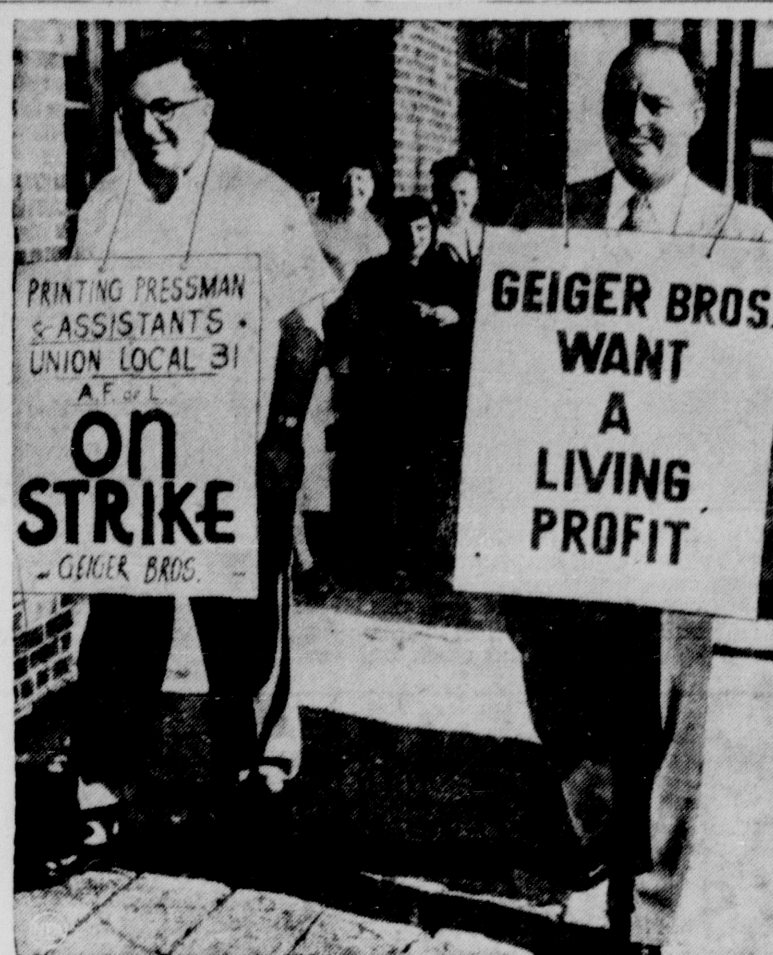

As in previous parades, the bulk of the equipment was American. It included tanks, light and heavy artillery, and motor units. But there was a much larger contingent of French armored cars and motorized artillery than in previous postwar years.

Dr. Chitwood Will Do Worm Survey

EAST LANSING (AP)—Dr. Benjamin G. Chitwood of Marquette has been retained by Michigan State College to do a summer survey on nematodes, a species of small destructive worms, the college announced today.

Ray Hutson, head of the MSC entomology department, said the microscopic worms attack such crops as tomatoes, carrots, potatoes, celery, radishes, legume crops and certain trees.

Dr. Chitwood, formerly associated with the U. S. Department of Agriculture, will conduct the survey to determine the distribution and the extent of damage done by the pests in Michigan.

STRIKERS STRUCK—Raymond A. Geiger, right, is going to get in on any picketing that's going on around his place of business. The owner of a printing and advertising firm, Geiger pickets the pickets during the first shut-down due to a strike in the history of the 75-year-old Newark, N. J. firm.

Michigan State Parks Having An Off Year

LANSING (AP)—So far, this has been an off-year in state parks.

The Conservation Department said today attendance at the parks, which normally rack up new records each year, is off about 750,000 persons from the same date last year. Total attendance so far this year is 5,500,000 persons.

The most popular parks are the hardest hit by the slump. Grand Haven State Park has counted 583,000 persons so far, a drop of 200,000 from last year at the same time.

Holland had 467,000 visitors through the Fourth of July weekend, a smaller decrease, while Island Lake Recreation area was down to 381,000. Bay City Park reported a drop to 374,000 and Dodge Four Park a substantial reduction to 325,000 visitors.

Camping permits in parks are down, too.

Atom Bombs And Gardens Team Up In Los Alamos

By STEVE LOWELL
Newsfeatures

LOS ALAMOS, N. M.—Uncle Sam gives the amateur gardener in this atomic city of 12,000 quite a start and holds no check rein if he wants to carry the landscaping further.

But woe to him who makes an unsightly mess—or to him who has no interest in his yard and lets it go to pot. After all, Uncle Sam owns this entire city—it's a government reservation—and the taxpayers' investment must be protected.

"Uncle" has a way to apply pressure. The company that maintains Los Alamos can send notice to the tenant who strays from the norm, advising him to change his ways. And if he ignores the warning, the company can have a crew re-landscape the place and send him the bill.

The householder moving into the neat, modern homes gets a lawn and a half-dozen shrubs and trees at government expense.

But any "gold plate" landscaping, as Forester E. Shirley Bliss puts it, comes out of the tenant's pocketbook. Bliss explains that "gold plating" is addition of extra shrubs, trees, an outdoor fireplace, a flagstone garden walk or a flower or vegetable garden.

There was a time, about 5 years ago, before Bliss came here from the Forest Service, when the government put in some of those extras. But, besides being an unnecessary burden for the taxpayer, residents weren't very pleased with the "arty" arrangements. "They were too hard to mow around, for one thing."

The government plants grass and shrubbery that can stand the comparatively rigorous 7,000-foot climate—even provides the fertilizer to make them flourish. And it advises tenants what kinds of plants to buy if they want extras. "Actually, it's practical to do the initial landscaping," Bliss said. "It controls flash floods and keeps down dust."

Rock

ROCK — Mrs. Roy Jacks was dismissed from St. Francis Hospital Sunday after five days of medical treatment. The wire from the handle of a bushel basket she was carrying pierced her right hand and caused serious infection.

PTA CONFERENCE

The Rock PTA members are urged to attend the Summer PTA Conference to be held at Northern Michigan College of Education at Marquette Wednesday and Thursday, July 22 and 23 according to the letter received by past PTA president, Mrs. Richard Campbell. The main topic of the conference will be "Growing Up With Our Children."

Briefs

Mr. and Mrs. Ahti Waak attended the banquet meeting of the International Harvester representatives at Green Bay.

Donald Lehigh, Munising, is spending a three week vacation with Mr. and Mrs. Reino Neimea.

Mrs. Elmer Sibrandy and sons Robert and Michael of Waukegan, Ill., are spending the rest of this month with their mother, Mrs. Otto Saariko.

First Native Michigan Baby Wolverine Dies

DETROIT (AP)—Frosty, Michigan's first native-born wolverine, is dead—an apparent victim of his environment.

The death of the 3½-month-old wolverine, who was introduced to the public here only two weeks ago, was announced Monday by Frank G. McInnis, director of the Detroit Zoo.

The orny little beast—the living symbol of Michigan—died of a bowel infection which McInnis said often befalls animals born in captivity.

Rock Legion Post Installs Officers

ROCK—The newly elected officers of the Rock American Legion Post 559 were installed at special ceremonies at a trout supper held at the clubhouse Saturday night, July 11.

The program included a talk by Oral LaCombe, Ishpeming, a report by Les Maki on the Legion convention at Menominee, and a report by Fred Watts, delegate from Rock High School to Wolverine Boys State. His attendance was sponsored by the American Legion and Lions clubs of Rock.

Leslie Maki, 11th district association commander was toastmaster and Archie Wood, 11th district association chaplain, offered the invocation.

C. Elmer Olson of Escanaba was assisted by William Butler, Commander of the Cloverland Legion Post of Escanaba in installing the new officers.

Included on the new staff of the local Legion post are: commander, Francis Trombly; first vice commander, Thorval Hansen; second vice commander, Vic Mankiewicz; adjutant, Wagon Alto; Finance officer, Onnie Siimes; historian, Michael Ruhnien; chaplain, Richard Campbell; sergeant-at-arms, Les Vitila; service officer, Les Maki.

The supper and dance were well attended by local and Perkins Legion members, local and out of town veterans and guests. Music for the dance was furnished by Oscar and Toivo Saari.

Clothes Mean Much Among Legislators

OKLAHOMA CITY (AP)—Informality in dress, brought on by 90-degree weather, has resulted in a loss of dignity on more than one score by Oklahoma legislators.

Rep. Cleeta John Rogers, wearing a comfortably cool sport shirt, was addressed as "page" by one of the post office employees whom he sponsored.

Lt. Gov. James E. Berry, seeing a sports shirt-clad figure on the page bench, snapped his fingers three times and yelled, "Page!" Harold Morgan, state senator, turned but refused to acknowledge the command.

OLD LOCOMOTIVE HEAD FOR MUSEUM—Last Trip—Engine No. 4, once the pride of the Lackawanna, heads out of the Buffalo yards on its last ride. The railroad says the 53-year-old engine still can get up to 90 miles an hour. For many years it pulled the crack Buffalo-Elmira

express. Now it is owned by the Railroad Locomotive Historical Society and will be displayed in the St. Louis Museum of Science. At right is a modern diesel streamliner, six times the weight of the 106,000-pound Engine 4. (AP Newsfeature)

Backbones And Skulls In Grisly Display At U.S. Medical Museum

WASHINGTON (AP)—Say what you like about John Wilkes Booth, the man who shot Lincoln, he was a fellow with a lot of backbone.

So was that other, far more estimable character, James A. Garfield, who became president of the United States.

You can prove this to your own satisfaction by dropping in at a little-known Washington institution called the Armed Forces Medical Museum.

There you'll find portions of the backbones of Booth and Garfield, along with such other grisly exhibits as skulls bashed in with Indian tomahawks and still more skulls with holes bored in them.

This last group testifies to an interesting experiment. Some years ago a group of Peruvian surgeons tried to cure idiots of their affliction by drilling holes in their heads. The experiment was not a success.

The museum, part of the Armed Forces Institute of Pathology, was established in 1862 to study the wounds and diseases of Union soldiers in the Civil War. Since then it has built up a formidable collection of old bones, skin fragments and other portions of the human frame.

This may not sound enticing, but some 140,000 sightseers found their way to the collection last year. Many doctors and medical students avail themselves of the museum's specimens too.

The Booth and Garfield backbones aren't exhibited for their curiosity value alone.

Booth's is of medical interest because of what doctors did to it after the assassin was shot through the spine when he was captured near Bowling Green, Va.

Garfield's shows the hole probed by doctors for the bullet which ended the President's life after Charles Guiteau shot him in 1881.

"STRAW CAT"

The straw cat, known also as the pampas or grass cat, is a yellowish-gray wild cat, with strawberry-colored bands running backwards across its flanks and horizontally on its legs and chest.

Charter Revision: Commission Proposes Changes In Procedures For City Elections

The city charter commission has recommended changes in procedures for municipal elections. A public hearing on this section and several other sections will be held Tuesday, July 21, at 7:30 at the city hall. The proposed sections will be published in the Press prior to the public hearing.

The section on elections follows:

ELECTIONS

Qualifications of Electors:

Section 3.1. The residents of the city having the qualifications of electors in the State of Michigan shall be electors of the city.

Election Procedure:

Section 3.2. The election of all city officers shall be on a non-partisan basis. The general election statutes shall apply to and control, as near as may be, all procedures relating to registration and city elections except as such statutes relate to political parties or partisan procedure and except as otherwise provided in this charter.

Wards and Precincts:

Section 3.3. The City of Escanaba shall consist of one ward. The Council shall from time to time establish by ordinance convenient election precincts. The precincts into which the city is divided on the effective date of this charter shall be the precincts of the city until otherwise provided for by the Council.

Election Date:

Section 3.4. The regular city elections shall be held on the first Monday in April in each even numbered year.

Special Elections:

Section 3.5. Special city elections shall be held when called by resolution of the Council at least forty days in advance of such election, or when required by this charter or statute. Any resolution calling a special election shall set forth the purpose of such election. No more special city elections shall be called in any one year than the number permitted by statute.

Notice of Elections:

Section 3.6. Notice of the time and place of holding any city election and of the officers to be nominated or elected and the questions to be voted upon shall be given by the Clerk in the same manner and at the same time as provided by statute for the giving of election notices by city clerks.

Voting Hours:

Section 3.7. The polls of all elections shall be opened and closed at the time prescribed by statute for the opening and closing of polls at state elections, subject to any statutory right of the Council to adjust these hours to local time.

Elective Officers and Terms of Office:

Section 3.8. The elective officers of the City shall be five Councilmen, and a municipal judge, all of whom shall be nominated and elected from the City at large.

The City Council elected and qualified under the Charter of August 29, 1921, shall continue in office after the effective date of this Charter in such manner and fashion as though this Charter had been in effect at the times of their respective elections and qualifications. Accordingly, at the regular City election to be held in 1954, there shall be elected two Councilmen for a term of office for four years, and the remaining Councilmen shall hold office for the balance of the terms to which each Councilman was elected. The terms of Councilmen shall be governed by Sections 4.2 and 4.3 of this Charter, subject to the provisions of this chapter.

At the regular City election in 1954, and at the regular City election every sixth year thereafter there shall be elected one Municipal Judge for a term of office of six years commencing at noon on the first day of January next following such election.

Non-Partisan Primary Election:

Section 3.9. A regular non-partisan city primary election shall be held on the third Monday of February of each year in which a regular city election is to be held, commencing with the third Monday in February of the year 1954.

If, upon the expiration of the time for filing nomination petitions for any elective city office, valid and sufficient petitions have been filed for no more than twice the number of candidates for such office to be elected at the following regular city election, then no primary election shall be held in respect to such office, and the Clerk shall publish notice of this fact and the reason therefor as part of, or at the time provided for, the publication of notices for such primary election.

Candidates equal in number to twice the number of persons to be elected to each city office at the next subsequent regular city election who receive the highest number of votes at any such primary election shall be declared the nominees for election to the respective offices. The names of such nominees, together with the names of persons for whom valid and sufficient petitions have been filed for offices with respect to which no primary election was held, shall be certified by the Clerk to the Election Commission

to be placed upon the ballot for the next subsequent regular city election.

Declaration of Intention:

Section 3.10. All persons who aspire to a city office and intend to file petitions for the primary election therefor shall file a declaration of such intention with the Clerk on or before 5:00 P. M. by the then prevailing local time on the forty-fifth day preceding said primary. All such declarations shall be accompanied by the affidavit of qualifications provided for in Section 5.1. No person who has failed to file such declaration or affidavit shall be permitted to file a petition or become a candidate for any such office at said primary. The Clerk shall publish a list of prospective candidates who have filed such declaration of intention within three days after the above-named time.

The Clerk shall publish notice of the last time for filing such declarations and affidavits and of the number of persons to be nominated to each office at least one week and not more than three weeks before such last time.

Nominations:

Section 3.11. The method of nomination of all candidates for the city primary elections shall be by petition. Such petitions for each candidate shall be signed by not less than fifty nor more than one hundred registered electors of the city. No person shall sign his name to a greater number of petitions for any one office than there are persons to be elected to said office at the following regular city election. Where the signature of any individual appears on more petitions than he is so permitted to sign, such signatures shall be counted only to the extent he is permitted to sign in the order of the respective dates of filing the petitions containing such signatures.

Nomination petitions for candidates for regular city primary elections, and for elections for filling vacancies held pursuant to Section 5.7 (b), shall be filed with the Clerk between the thirty-fifth day preceding such election and 5:00 P. M. by the then prevailing local time on the twenty-fifth day preceding such election.

The Clerk shall, prior to every election, publish notice of the last time permitted for filing nomination petitions and of the number of persons to be nominated or elected to each office at least one week and not more than three weeks before such time.

Form of Petition:

Section 3.12. The form of petition shall be substantially as that designated by the Secretary of State for the nomination of non-partisan judicial officers. A supply of official petition forms shall

be provided and maintained by the Clerk.

Approval of Petition:

Section 3.13. The Clerk shall accept only nomination petitions which conform with the forms provided and maintained by him, and which, considered together, contain the required number of valid signatures for candidates having those qualifications required for the respective elective city offices by this charter. When a petition is filed by persons other than the person whose name appears thereon as a candidate, it may be accepted only when accompanied by the written consent of the candidate. The Clerk shall, forthwith after the filing of a petition, notify in writing any candidate whose petition is then known not to meet the requirements of this section, but the failure to so notify any candidate shall in no way prevent a final determination that the petition does not meet such requirements. Within three days after the last date for filing petitions, the Clerk shall make his final determinations as to the validity and sufficiency of each nomination petition and whether or not the candidate has the qualifications required for his respective elective city office by this charter and shall write his determinations thereof on the face of the petition. No petition shall be determined to be valid unless the declaration of intention and affidavit of qualifications provided for in Section 3.10 shall have been properly filed within the time prescribed therein.

The Clerk shall immediately notify in writing the candidate whose name appears thereon of his determinations. Such notice to any candidate whose petition is found invalid or insufficient, or who is found not to be qualified, shall be delivered by personal messenger if possible. Any candidate whose petition is found invalid or insufficient shall be allowed to file supplementary or replacement petitions before 5:00 P. M. on the fifth day after the last date for filing original petitions; thereafter no further petitions may be filed.

Section 3.14. All nomination petitions filed shall be open to public inspection in the office of the Clerk.

Section 3.15. An Election Commission is hereby created, consisting of the City Clerk, and two

IT'S ONLY A CRATE, BUT IT'S FUNCTIONAL—Magistrate D. C. Campbell, of North Kansas City, Kans., works at orange crate desk, after his office furniture, which he had used for three years, had been repossessed. The county court refused to pay the furniture bill because it wasn't consulted on the \$217 purchase.

qualified electors. The two qualified electors shall be appointed by the City Council at least 30 days prior to the first election after the City Council enters upon the duties of its office, and except for the Clerk, the Board of Election Commissioners shall serve at the pleasure of the City Council.

The members of the Election Commission shall serve without compensation. The City Clerk shall be Chairman. The Commission shall appoint the Board of Election Inspectors for each precinct and have charge of all activities and duties required of it by statute and this Charter relating to the conduct of elections in the City. The compensation of election personnel shall be determined in advance by the City Council. In any case where election procedure

is in doubt, the election commission shall prescribe the procedure to be followed.

Form of Ballot:
Section 3.16. The form, printing and numbering of ballots or the preparation of the voting machines used in any city election shall conform as nearly as may be to the provisions of statute, except that no party designation or emblem shall appear. In all elections, the names of qualified candidates or nominees for each office shall be listed under a separate heading and shall be alternated systematically in the manner prescribed by statute for alternation of names in primary elections.

Canvass of Votes:
Section 3.17. The Clerk and the members of the Election Commission shall be the board of canvassers to canvass the votes at city elections, except that if any of such persons are candidates for office or nomination at the election to be canvassed such person shall not serve as a canvasser at such election. The board of canvassers shall convene on the day following each city election at the usual time and place of meeting of the Council and determine the results of the city election upon each question and proposition voted upon and what persons are duly nominated or elected to the several offices respectively at said election, and shall notify in writing the successful candidates or nominees of their election or nomination. The number of candidates for each office equal to the number to be elected or nominated to

such office who receive the highest number of votes shall be elected or nominated. The Clerk shall make under the corporate seal of the city duplicate certificates of the determinations of the board and shall file one certificate with the County Clerk and the other in his own office.

Recall:

Section 3.18. A recount of the votes cast at any city election for any office or upon any proposition may be had in accordance with election statutes. Unless otherwise required by statute (a) the petition for a recount of the votes cast at any city election shall be filed with the Clerk by 5:00 P. M. by the then prevailing local time on the second full day after the board of canvassers has made its official determination of the result of the election at which such votes were cast, (b) any counter petition shall be filed by 5:00 P. M. on the next full day thereafter and (c) no officer shall be qualified to take office until final determination of any recount of the votes cast for such office.

Section 3.19. Any elected official may be recalled from office by the electors of the city in the manner provided by statute. A vacancy created by such recall shall be filled in the manner prescribed by statute.

Use of black for men's formal wear dates back to the Burgundian court of Charles the Bold, 14th century ruler, who insisted that black be worn in his presence.

Chelsea Offers Free Cocktails Annually
LONDON (AP)—The London borough of Chelsea tosses out an invitation to the wide world:

Anyone living in any Chelsea anywhere on earth is welcome to drop in at the borough's town hall for free cocktails June 3. They will be served by Chelsea's woman mayor, Miss M. K. Cook.

It will be Chelsea's way of celebrating Queen Elizabeth's coronation. So far, the mayoresse has hustled off special invitations to 10 Chelseas in the U. S. That's several more American Chelseas than the U. S. post office knows about, but Miss Cook says no matter—all are welcome.

Youth Makes Old Plane Fly Again
LONG BEACH, Calif. (AP)—An 18 year old Long Beach student has parlayed an auction-bought \$100 airplane, two years of pilot experience and plenty of elbow grease into a smooth sailing craft of his own.

Dave Case bought the plane at auction, "odd ball engine, rusty framework and all." After \$550 more of materials and untold hours of labor, he successfully tested it, with the engine purring like a kitten.

Already having logged 85 hours of private license time, Dave now seeks a commercial license.

Stretch your mileage!

In a gasoline efficiency means economy. So Phillips 66 Gasoline is packed with super-efficient Hi-Test elements! These are scientifically "controlled" to provide (1) easy starting (2) fast engine warm-up (3) quick acceleration, and (4) full power output under all driving conditions.

Phillips 66 Heavy Duty Premium Motor Oil stretches your mileage another way. It provides extra protection against wear and corrosion so as to keep engine power up and gas consumption down, over a long period of time.

USE PHILLIPS 66 GASOLINE AND

PHILLIPS 66 HEAVY DUTY PREMIUM MOTOR OIL

Phillips 66 products are distributed in Escanaba and vicinity by

ESCANABA, MICHIGAN

Janet Markham, Harold W. Flath Exchange Vows

Marriage vows were spoken by Miss Janet Elizabeth Markham, daughter of Mr. and Mrs. Harrie Markham of Gladstone, former residents of Escanaba, and Harold Wayne Flath in a ceremony Saturday, July 11 at Salem Ev. Lutheran Church in Escanaba.

The 3 p. m. service was solemnized by the Rev. William F. Lutz. Traditional bridal music was played by Don Aronson, who was organist.

Gown of Imported Lace

The bride, given in marriage by her father, wore a gown of imported white lace over taffeta with a cap of lace and seed pearls. She carried white carnations and pink orchid lilies cascading in showers. Miss Janet Ashley of Detroit, who was maid of honor, was attired in an aqua gown trimmed with seed pearls. Her hat and veil were of the same shade. White baby mums and red roses formed her colonial bouquet.

Charles Fuller of Flint was best man for the son of Mr. and Mrs. Herbert E. Flath. Grant Markham, a brother of the bride, seated the guests.

Mrs. Markham chose black marquisette with pink accessories and a corsage of orchid lilies for her daughter's wedding. Mrs. Flath wore a blue and white ensemble and a corsage of pink carnations.

White gladioli and mums against a background of palms formed the setting for the church service and pink snapdragons and white baby mums were combined in the table decorations for the reception and supper at the Dells Supper Club.

To East Lansing

The young newlyweds who did not reveal their honeymoon destination will live in Gladstone until fall and then go to East Lansing where the bridegroom is in his final year at Michigan State College. The former Miss Markham attended Stanford University in Palo Alto, Calif., and Michigan State College. Mr. Flath was at Ferris Institute, Big Rapids, and Northern Michigan College in Marquette before entering Michigan State.

Wedding guests from away were Miss Janet Ashley of Detroit, Charles Fuller of Flint and Mr. and Mrs. John Nair of East Lansing.

Dolores Prestay Of Powers To Continue Studies At Northern

Miss Dolores Ann Prestay, daughter of Mr. and Mrs. Sam Prestay of Powers, has retained her scholarship at Northern Michigan College of Education at Marquette for the coming year. Dolores, who is spending the summer months with her parents, will enroll as a sophomore in early elementary curriculum this fall and also is planning on taking courses in journalism. She is a member of Gamma Phi Alpha, one of the four active sororities on the campus. During the past year she held the position of organization news reporter on the staff of the Northern newspaper.

Watson Young People Elect Officers

Marilyn Ahti was named president of the Watson Bible Chapel Young People's Society at the group's organization meeting held with Kenyon Haring, student pastor. Robert Lang is vice president, Anita Manninen, secretary; Ronald Peippo, treasurer; and Ilene Heikinen, Duane Door, Jerome Johnson and Mrs. Haring are members of the program committee.

More people get more news from newspapers than from all other sources combined.

Jessie Jones Is Winner Of Best Camper Title

Miss Jessie Jones, daughter of Mrs. Norma Jones of 1322 N. 18th St., was chosen best all around girl camper at the Junior High Young People's Conference held at the Episcopal Conference Center at Little Lake during the past week.

Among the 45 campers also attending and representing St. Stephen's Episcopal Church of Escanaba were Jimmy Chase, Robert Gallagher, Robert McDonough, Judy LaVasser, Judy Chase, and Judy and Susan Pohl. Robert Hanson of Powers represented Zion Episcopal Church of Wilson.

The Rt. Rev. Herman R. Page, Bishop of the Diocese of Northern Michigan was chaplain of the conference.

Others on the staff were the Rev. Herman R. Page, Vicar of St. Mark's Church, Crystal Falls and St. John's Church Iron River; the Very Rev. Joseph S. Dickson, rector of St. Stephen's Church, Escanaba; Mrs. Stanley Brehm of Dayton, O.; and Robert Matthews and John Heidbrink, theological students, from the Episcopal Theological Seminary, Cambridge, Mass., who are spending the summer in this diocese.

Mrs. Loeffler of Spalding was camp nurse.

Nahma

Episcopal Guild Outings

NAHMA—Members of the St. Paul's Episcopal Guild were entertained at Dr. Witters' cabin on Mahskeeke Lake and also at Miss Olive McClinchy's cabin near Isabella. A pot luck dinner was served at the Witters cabin with the following members present: Mrs. John Schwartz Jr., Mrs. Shirley Warner and daughter Gwendolyn, Mrs. Julia Eggert, Mrs. Richard McClinchy, Mrs. William Henderson, Miss Olive McClinchy, Mrs. William Acker, Mrs. Martin Kousbaugh, Mrs. George Miller and Mrs. Frank Blowers. Guests included Mrs. G. W. Bohnsdahl of Canton, N. C., Mrs. J. P. Cameron of El Centro, Calif.

At Miss McClinchy's cabin were: Mrs. Harold Anderson, Mrs. Richard McClinchy, Mrs. Frank Blowers, Mrs. James Moore, Mrs. Martin Kousbaugh, Mrs. George Miller, Mrs. Julia Eggert, Mrs. Shirley Warner, and Mrs. John Schwartz Jr., Mrs. Henry Gohn was a guest at the meeting.

Novena at St. Andrew's

A novena, in honor of St. Anne will start Friday morning in St. Andrew's church. Mass will be said at 7:30 in the morning and will be followed by the novena prayers.

Brownie Scouts at Day Camp

The Brownie Scouts attending the Girl Scout Day Camp at Bunker Hill in Gladstone this week are: Gail Blowers, Carol Hebert, Carol Anderson, Suzanne Gouin, Kay Frances Turek, Sharon Hebert, Jean Juneau, Mary Gereau, Beatrice Newhouse, Kaleen Bingham, Mary Beth Sargent and Coleen Sargent. Patsy Moore and Ann Hebert are serving as program aides during the two weeks the camp is in session.

Personals

Mr. and Mrs. Marshall Beauchamp and daughter Sandra of Detroit are spending their vacation at the home of Mr. and Mrs. Homer Beauchamp and also with relatives in Manistique.

Jerry Abbott had his appendix removed at Memorial Hospital in Manistique on Sunday afternoon. Arlene Hebert accompanied the George Koppes family to their home in Lake Odessa where she will visit. The Koppes family had been at their cottage north of Nahma Junction.

Mr. and Mrs. Robert Adams have returned to Coeur d'Alene, Idaho after attending the funeral of his aunt, Mrs. Nettie LaBute. Mrs. Charles Anderson of Munising and Mrs. Clarence

Births

Mr. and Mrs. Walter W. Linjala of Rock are the parents of a son born July 12 at St. Francis Hospital. The baby weighed 10 pounds and 1 ounce. His name is John Ervin.

A son was born to Mr. and Mrs. Leonard H. Smith, 309 N. 19th St., Gladstone, July 12 at St. Francis Hospital. The baby who will be christened Leonard Clinton weighed 8 pounds and 3 ounces at birth.

Mr. and Mrs. Joseph U. Wolfe, 605 Dakota Ave., Gladstone, are the parents of a daughter, Paula Vi, who weighed 7 pounds and 10 ounces at birth July 13 at St. Francis Hospital.

Wells

Mr. and Mrs. L. D. Brown and children have returned to their home in Newberry after visiting Mrs. Brown's parents, Mr. and Mrs. Fred Glasure.

If you are watching your weight and feel the need of a mid-morning or mid-afternoon snack, take a glass of fruit juice or milk.

Yount of Memphis, Tenn. are spending the week with the Harold Anderson family.

Misses Orla Ward and Marie Boers of Kalamazoo are visiting here with Miss Ward's mother.

Mrs. William Rogers and children Mary Kay and Johnnie and Mrs. Joe Krutina have returned from a visit in Milwaukee at the home of Mr. and Mrs. Frank Bushey. They were accompanied to Milwaukee by Betsy Rogers who is employed there.

Mr. and Mrs. Joe Weber and children of Petoskey visited last week at the James Krutina home.

Frances Berg and Beverly Sturdy left Monday night on a trip to Milwaukee.

Seney

Briefs

SENEY—Mrs. Jean Schomers arrived here last week from Sandusky, O. to spend the summer at her home.

Mrs. Harold Poppin and daughter, Sue, arrived last week from Elgin, Ill. for a visit with her parents, Mr. and Mrs. Bert Furst.

Mr. and Mrs. Smithson and Mrs. Jean Schomers motored to Manistique Saturday.

Miss Marion Boonenberg returned Sunday to her work at Grand Rapids after visiting here for a week with her parents.

Mary Ann Pelkie arrived home Monday from Racine, Wis. to spend her vacation at her home here.

Mr. and Mrs. Robert Bell have returned to their home at Ann Arbor after visiting with Mrs. Bell's parents, Mr. and Mrs. E. Ketola. They were accompanied back by Miss Sue Ketola, who will visit them for a few days before returning to her work at Racine, Wis.

Mr. and Mrs. Chester Haney and daughter, Mary, arrived this week from Detroit on a week's vacation with her sister, Mrs. Jennie Nelson, and with other relatives at Grand Marais.

At the annual school election held Monday, Pearl Smith and James Cornell were re-elected to the board. Pearl Smith received 53 votes, Alvin McDowell, 20; James Cornell, 30, and Beatrice Miller, 29.

Mr. and Mrs. Sam Kase and Mr. and Mrs. Charles Leight of Detroit, Mr. and Mrs. Russ Kuhn of Ecorse and Mr. and Mrs. Bob Barron of Sheridan, Ind. have been visiting the Bert Fursts and vacationing at Drigg's Lake and Manistique Lake. Mrs. Kase and Mrs. Leight are sisters of Mrs. Furst.

Personals

Mr. and Mrs. James DeCock and family, former Escanaba residents, are spending a week's vacation at Simpson's Cottages. The DeCocks now reside at Sheboygan, Wis.

Mrs. Lester DeRouin returned today to Los Angeles, after visiting with her father, Joseph Dubord, who is seriously ill at St. Francis Hospital.

Mrs. William Nolden and son, Bill Jr., are spending a week at the home of Mrs. Nolden's parents, Mr. and Mrs. Levi J. Perrin, 503 S. 9th St. The Noldens are residents of Milwaukee.

Mr. and Mrs. Louis Kamrath and their children Gerald and Sharon, Flint, are visiting Mr. Kamrath's parents, Mr. and Mrs. H. C. Kamrath, 215 N. 16th St. They will be here a week.

Mr. and Mrs. Francis Verbeten and children Janet, Diane and Billy, have returned to Kimberly, Wis., after a week's visit with Mrs. Verbeten's parents, Mr. and Mrs. John P. Greis, 1300 N. 16th St. They were accompanied on their return by Tommy Greis, who will spend part of his vacation in Kimberly.

Miss Fran Fuller, Detroit, is visiting her grandparents, Mr. and Mrs. John McGovern, 520 N. 20th street.

Mr. and Mrs. Phil Hallow and son Dennis of Los Angeles have been visiting here at the home of Mr. and Mrs. Louis Soffa, Ford River Road. Mrs. Hallow is Mr.

Soffa's sister. The meeting was their first in 16 years. The Hallows also plan to visit relatives in New London, Wis., Detroit, and Memphis, Tenn., before returning to California. In Memphis they will be guests of another brother of Mrs. Hallow, Mac Soffa.

Mr. and Mrs. Bert Cockren, Benton Harbor, left this morning after visiting at the home of Mr. and Mrs. Charles R. Larson, 930 Stephenson Ave.

Mr. and Mrs. Don Glassie, Washington, D. C., have been spending several days with Mr. and Mrs. George Snyder, 1213 11th Ave. S.

Today's Recipes

By Cecily Brownstone

Swiss Loaf

Ingredients: One 1-pound loaf unsliced bread, ¼ cup butter or margarine, ½ cup finely diced onion, ¼ cup chili sauce, 1 tablespoon celery seeds, 8 slices (½ pound) Swiss cheese.

Method: Using a sharp knife, cut 8 equal diagonal slits almost through to bottom crust of bread to give 9 slices. Melt butter in a skillet; add onion and cook lightly about 5 minutes. Stir in chili sauce and celery seeds and heat 5 minutes longer. Remove from heat. Spread half of onion mixture and 1 slice of cheese between each slice of bread. Place loaf on cookie sheet. Pour remaining onion mixture over top. Bake in moderate (350F) oven 20 minutes. Makes 8 servings.

FEATHER-WEIGHT . . . This play shoe in charcoal denim with black leather trim has crepe sole, can be rolled to fit in palm of hand, by Desco.

Social-Club

Covenant Aid Thursday

The Ladies' Aid Society of the Ev. Covenant Church will hold its monthly social at the home of Mrs. Freda Larson in Danforth Thursday, beginning at 2:30 p. m. The Rev. and Mrs. Paul Horst will give the program. Hostesses are Mrs. John Anderson and Mrs. Ella Stone Carlson. Members and friends are invited. Those who wish transportation are asked to be at the church not later than 2:10 p. m.

Cornell

4-H Meeting

CORNELL—The Senior Girls 4-H Club held a regular business meeting on the lawn at the Eugene Miron home Monday night. The group visited the newly constructed dairy barn on the Miron farm. Miss Everell Miron, who was one of four delegates in Michigan, who attended National 4-H Club Camp in Washington D. C. last month, explained the importance of well kept record books, saying that some day a good record book might mean a trip to National 4-H Congress or Camp. A demonstration on candling and grading eggs was given by Jean Ford and Nancy Way. Songs were led by Nancy Way and games were led by Grace Budinger. The next meeting will be held at Juanita Carlson's home. Lunch was served. Guests were Mrs. Eugene Gamache and Mrs. LeRoy Wight and daughter Shirley.

Briefs

Neil Lundgaard Jr. returned to his home in Ada, Okla., after visiting his grandparents, Mr. and Mrs. A. A. Lundgaard of Cornell.

Mrs. Helen Jerreau and daughters Betty and Nancy and a grandson David Johnson, are visiting at the Charlie Bucklund home in Cornell.

When you are adding canned blueberries to wintertime muffins, make sure you drain the berries thoroughly before measuring. If you are using frozen blueberries, thaw them completely and drain them thoroughly before measuring.

Isabella Summer Outing Monday At Pioneer Trail

Daughters of Isabella of Trinity Circle 362 will hold their annual summer outing Monday, July 20, at 2 p. m. at Pioneer Trail Park.

Members will provide their own table service. A small fee will be charged for the picnic lunch.

Reservations which must be in not later than Thursday, July 16, may be made with Mrs. Joseph Bellin, 1030-J, Mrs. Victor Groos, 1237-W, or Mrs. William Plansky, 216.

In case of rain the party will be held at St. Joseph Club Rooms. The committee for the day is Mrs. Plansky, chairman, Mrs. Groos, assisting chairman, and hostesses, the Mesdames Byron Ford, Victor Nelson, Joseph Bellin, Mose Martin, Rose Priestner, Robert Finley, Arthur Harvey, Leslie Lark, Edwin Turnquist, Joseph Routhier, Bernice Ramey, Tim Deroun, Arnold Alsten, Frances Gray and Joseph Charlebois, and Miss Eleanor Wurth.

Social-Club

Birthday Anniversary

A party was held at the Harvey Carlson cottage "Breezy Pines" at Stonington, honoring Alex Carlson on his 73rd birthday anniversary. Games were played and Mr. Carlson received many gifts. Those who attended the party were Mr. and Mrs. Peter Christensen, Mr. and Mrs. Ralph Kennelly, Mr. and Mrs. Leo Moreau, Mr. and Mrs. Harvey Carlson, Mr. and Mrs. Frank Carlson, Mrs. Carl Carlson, Mrs. Robert Judson, Gary, Dennis Linda and Raymond Carlson, Debra Lynn Judson, Barbara Carlson, Donald Rowell, Judy, Caroline and Ronny Carlson, Donald Christensen, Jimmy Kennelly, Jack Carlson, Mrs. Viola Johnson, Bob Weins, Don Saykily, and Jerry Taggla-brachi.

Saxon-Rucinski

Of interest in Escanaba is the wedding of Miss Arlene Mae Saxon, daughter of Mr. and Mrs. Milton Saxon, and Michael Elmer Rucinski, son of Mr. and Mrs. Michael Rucinski, Iron River, which took place in a double ring ceremony solemnized by the Rev. Lloyd D. Mattson in the First Baptist Church in that city.

The bride is a granddaughter of Mrs. Alvina Sorby of 313 S. 18th St., and the groom formerly lived in Escanaba.

Members of the bridal party were the bride's sister, Virginia, who was maid of honor, Miss Mitsuka Higa and Miss Doris Stiles, bridesmaids, Sally Mattson, flower girl, and Joel Mattson, who was ring bearer, Robert L. Rucinski, who was his brother's best man, Harold Saxon and Gordon Nelson, groomsmen, and Ed Smith, Russell Wernholm, Harold Anderson, Harold Jewel and Harry Erickson, who ushered.

The newlyweds, after a honeymoon in Canada, will live in St. Paul where the bridegroom is a student at Bethel College and Seminary.

Escanaba guests at the wedding included Mr. and Mrs. Julius Sorby and family, Mrs. Alvina Sorby and Robert McMartin.

Birthday Party

Shirley Vanlerberghe, daughter of Mr. and Mrs. Howard Vanlerberghe, 1921 5th Ave. S., entertained a group of friends at a beach party at Ludington Park Monday evening, July 13, in celebration of her birthday anniversary.

A wiener roast and a marshmallow roast were entertainment features and a birthday cake was

Nancy Kjellgren Winner Of Blue Cross Scholarship

Nancy Ann Kjellgren, 18, of 601 N. 18th St., is one of eleven Michigan girls, all June high school graduates, who topped a field of 400 contestants to win the 1953 Blue Cross nursing scholarships of \$300 each, it was announced today by Michigan Hospital Service (Blue Cross).

The contest was conducted by the Michigan League for Nursing, official statewide organization of the nursing profession. The competition was open to all high school seniors and graduates in the state.

Nancy Ann was graduated from Escanaba High School with a B-plus scholastic average and was 13th in a class of 157. She participated in many school activities as president of Mortarboard, secretary of the Horizon Club, secretary-treasurer of the Library Club, and as a member of the band and orchestra.

The scholastic award of \$300 will be forwarded in her name to the nursing school she has chosen to enter, St. Luke's Hospital School of Nursing in Marquette.

In her contest application, she said in part: "As long as I can remember, I have always wanted to be a nurse. Probably when I was young, it was the uniform that attracted me. Now, it is the idea of helping someone who is in need of help."

A special scholarship committee of the Michigan League for Nursing determined the winners on the basis of a written application, scholastic grades, the report of the contestant's high school principal and achievement on a standard test.

The 11 winners all stood in the top ten per cent of their graduating classes scholastically and eight had maintained straight "A" averages.

Miss Margaret Heyse, chairman of the scholarship contest committee, said the majority of applicants possessed excellent qualifications and the task of choosing the winners was a real job.

The losers will receive letters of commendation and encouragement

MRS. DONALD LATVALA, whose wedding day was July 11, is the former Geraldine Riemer, daughter of Mr. and Mrs. William Riemer of Osier. The young newlyweds will live in Negaunee. (Ridings Photo)

Bethany Society Meets Thursday

The Woman's Missionary Society of Bethany Lutheran Church will meet Thursday at 3 p. m. at the church. Miss Amy Johnson is program chairman. Hostesses are Mrs. Marcell Ashland, Mrs. J. E. Johnson, Mrs. Herman Carlson, Mrs. A. V. Aronson, Mrs. Oscar Vannberg, Mrs. Ed Johnson, Mrs. Seth Burkland, Mrs. Albin Erickson, Mrs. Al Heidenreich and Miss Amy Johnson.

offering suggestions about other scholarship sources.

She pointed out that nearly 70 per cent of the contestants who failed to win in last year's competition went on to enroll in nursing schools.

Kenneth Babcock, M. D., president of Michigan Hospital Service, said the Blue Cross scholarship competition was initiated in 1951 as a public service program to encourage young women to take up nursing as a career.

The yen to ape a favorite movie star tends to spoil the pretty looks of many a teen-ager, says Rita Mann, instructor in "Make-Up" at the John Robert Powers modeling school. Says she:

"Many teen-agers in our classes are there for the simple purpose of finding out how to act their age. The desire to look older, to exaggerate makeup and to resemble Hollywood glamor girls is pretty normal in the teens. But what a shame! The teen-ager has natural beauty which shouldn't be disturbed."

Miss Mann does not believe in makeup for girls under 17 or 18, except for lipstick or powder on special occasions. But too many would-be Ava Gardners and Lana Turners make the mistake of plastering the stuff on. These are some of their grooming faults, according to Miss Mann:

LIPS—Few teen-agers know how to use a lipstick properly. They smear on a gross affectation of the mouth copied from a magazine photograph, and expect to look glamorous. Their own natural lip line is much prettier perhaps than the movie stars', if they could but realize it.

EYEBROWS—They are mad for eyebrow tweezers to achieve some unusual shaping of the eyebrows. The danger is that they destroy their own pretty natural eyebrow line, which should be left alone until shaped by an expert at a later date.

MAKEUP—Too much makeup is the biggest fault. Heavy foundations and stage-type makeup not only destroy the magic of pretty lips but might ruin the skin. A light powder and a pale shade of lipstick are all that a teen-ager should have on her dressing table.

HAIR—They adore hair done in a voluptuous, tangled, over-curling mass that falls across an eye or trails the shoulders, a la some movie cover girl heroine. Young girls should have healthy hair. It can be attractively shaped

by a good haircut. A permanent wave is not necessary for a girl in the middle teens, says Miss Mann. But if she insists on longer hair, the curled-under page boy is the neat answer.

CLEANLINESS—There is never enough emphasis on skin, body and hair cleanliness during the teens. This is the age of skin blemishes requiring three-times-a-day cleansings with soap and water, when the hair must be shampooed at least once a week, maybe twice, when dandruff treatments might be necessary.

Deodorant should be used twice a day and foot powder is essential during this gymnasium-age when feet are likely to perspire excessively.

Cologne, softer and lighter than toilet water or perfume, should be used rather than heavier scents.

FINGERNAILS—They should be cleaned with a brush every day. Trick nail shapes, such as little points in the middle of the nail, should be avoided. These are unattractive and cause nail breakage. Nails should be rounded to the shape of the finger, natural clear polish may be used. Light clear colors may be worn later on, but not exotic costume shades.

Rub nail cream or cuticle cream around the base of the nail, but do not cut the cuticle. Push the

cuticle back with a soft cloth after washing the hands. If little hangnails appear at the corners of the nail, these may be gently snipped off.

TOENAILS—A pedicure is important to keep the nails pretty and to avoid wear and tear on hosiery. Brush toenails with a nail brush as they are likely to get yellowish in color from being locked in shoes so much.

The important point to remember in the teens, says Miss Mann, is that "if you make the best of your looks you may look prettier than the personalities you are mimicking."

So keep that in mind, girls: A carbon copy of the original is just a stand-in for the real thing.

Church Events

Christian Science Service

When one has a true understanding of life, he is able to overcome much fear. This is brought out in the Lesson-Sermon entitled "Life" to be read in all Christian Science churches on Sunday, July 19.

Covenant Service

A midweek service will be held at the Ev. Covenant Church Thursday at 7:45 p. m.

Personals

Mr. and Mrs. Thomas J. Thompson and their daughter Barbara Jo, Elkhart, Ind., are visiting Thompson's parents, Mr. and Mrs. Thomas C. Thompson, 324 S. 9th St. The Thompsons are here on their annual vacation. Their son Russell has been here three weeks visiting his grandparents.

Guests at the home of Mr. and Mrs. Richard E. Trotter, 403 S. 14th St., during the past two weeks were Mr. and Mrs. Alfred LaFortune and children, Michele and John, of Winchendon, Mass. While here Mrs. LaFortune, who is the former Leone Trotter, attended the reunion of the EHS Class of 1928. They have left to return to Massachusetts.

Charles Cloutier, 809 3rd Ave. S., left today for Milwaukee where he will spend several days with a friend, Dick Duncan. Miss Alice Thompson today returned to Milwaukee after visiting for two weeks at the home of her mother, Mrs. Elizabeth Thompson, 1323 Ludington St., and other relatives.

Albert Upland, 1222 Stephenson Ave., left today for Chicago where he will visit with his son, Edwin, who is employed there.

Phone Service Here Discussed

Another 30 days in which to make further improvement in local telephone service was granted General Telephone Company of Michigan at a regular meeting of City Council Monday night.

The additional time was approved following a conference with Hubert F. Emery, Muskegon, divisional manager of the utility, and Hugh Kennedy, Manistique, district manager.

A month ago the council dispatched a letter to the telephone firm protesting local service and asking that steps be taken to correct it. The council at that time indicated it would take the matter up directly with the Michigan Public Service Commission if no action was initiated by the utility within 30 days.

Emery told councilmen that the personnel problem was the primary one at the Manistique exchange—that most of the local difficulties would be solved when an adequate staff of trained operators was on the job.

Cities aim of the utility, he pointed out, was to get 90 per cent of calls answered in 10 seconds. He said that during extremely busy periods this objective might not be obtained but generally the public would be satisfied if the firm succeeds in reaching that average percentage goal here.

In regard to complaints on long distance calls, he said his company could improve the service by taking the matter up directly with other connecting utilities, notably Michigan Bell.

Some members of the council said some improvement in local service had been reported during the past few weeks, that fewer complaints had been received. Councilman James H. Fyvie, however, reported that he found no indication of any improvement, and cited several instances of undesirable service.

Hit "Disconnects"
Primary complaint of councilmen centered on "disconnects" and "voice fading" during telephone conversations. Difficulty of regaining an operator's attention following a "disconnect" or in making a second call also was emphasized by the city board.

The Muskegon utility official, in commenting on improvements made during the past month, said the local operating staff had been increased, the chief operator had been given training in Ishpeming where a similar switchboard is in operation, and some assistance had been received locally from the Bell company.

Further improvements contemplated, he said, include relocation of several trunk lines lower on the switchboard and re-wiring of some circuits to permit ringing on both back and front cords. Special attention to the complaint on "disconnects" also was promised by Emery.

"Our program is to make service here better and better," he declared.

Jenerou, Brown Are Elected In Manistique Twp.

Charles Jenerou led voting in a three-way contest for two trustees on the Manistique Township Board of Education Monday.

Jenerou polled 71 votes to win along with Clio Brown who collected 63. Floyd Orr received 49 votes.

PIPELINE SET—Above News-map shows where the U. S. and France have agreed to construct a pipeline from Donges to Metz. The 400-mile line, costing \$25 million, will be operated by "Trapil," a commercial oil company controlled by the French government. The fuel-oil line will be of great strategic importance to U. S. ground and air force units in Europe as well as to other NATO nations.

New Assessment District Created On Gero Avenue

Creation of a new special assessment district on Gero Ave. to provide for the construction of sidewalk and curbing was authorized by City Council at a regular meeting Monday night.

Two petitions requesting the improvements were submitted to Council. One asked for the construction of curbing on both sides of Gero Ave., and the other sought building of a sidewalk on the north side of the avenue.

Cost figures will be prepared and dates set for hearing objections later.

Council also granted a license to Lakehead Pipeline Company to install its crude oil line across municipal property south of Intake Dam on Indian River.

Amount of public liability insurance carried by taxicab operators also was briefly discussed at the session. Councilman George Stephens pointing out that the city at one time had requested each taxicab to be covered by \$25,000-\$50,000 insurance in lieu of a \$5,000 cash bond.

A present taxi operator carries only \$5,000-\$10,000 coverage. Issuance of a taxi license to another operator has been deferred pending study of the insurance requirements.

Council ordered that the second license applicant, Fred Homer, be granted his operation permit on the same basis as the existing taxi operator, and that both be required to purchase additional insurance coverage next year.

The order for a city police radio, recently cancelled by the council, also was discussed in brief.

Study of an increase in hospital insurance for city employees was deferred until the second meeting in July.

City Will Present Sewage Plant Plans At Houghton Meet

Status of Manistique's proposed sewage treatment program will be presented to the Water Resources Commission at an informal conference July 30 in Houghton, it was announced at a meeting of City Council Monday night.

Manistique is scheduled to appear before the commission, along

with Munising, at 2 p. m.

In preparation for the conference council instructed W. A. Moreau, assistant acting city manager, to telephone the Francis Engineering Company, Saginaw, and request a rush job on bringing sewage treatment plans and figures up to date.

Manistique along with several other U. P. communities has been under commission fire for some time because of its tardiness in developing plans for a sewage treatment plant.

In a letter to council, the commission said: "Marquette is out in front, being closely followed by Negaunee, in meeting commission objectives. Other communities are up to or have fallen behind schedule. Two requests have been filed with the commission seeking an extension of time. One or two new problems have arisen in the past three years."

The following communities have been directed to appear before the commission during its two-day Houghton session:

July 30—10:15 a. m., Marquette, Negaunee, Ishpeming; 11 a. m., Iron River, Stambaugh; 11:30 a. m., Iron Mountain, Kingsford; 2 p. m., Munising, Manistique; 2:30 p. m., Sault Ste. Marie; 3 p. m., Calumet and Hecula, Inc.

July 31—9:30 a. m., L'Anse; 10 a. m., Ontonagon, Bergland township board; 10:30 a. m., Ironwood, Wakefield; 11 a. m., Norway, Norway township board.

Sportsmen To See Angling Film At Session Thursday

"Fishin' For Fun," a new two-reel sound motion picture starring Ben Hardesty, U. S. professional all-around bait and fly-casting champion, will be shown at a regular meeting of the Schoolcraft County Sportsmen's Club Thursday evening.

The session is scheduled for 7:30 at the Manistique Heights club building.

The film will present a comprehensive exhibition of the art of fishing and casting, encouraging participation in the sport and emphasizing the thrill every fisherman seeks. Hardesty, a plain and fancy fisherman, is described by Ted Husing who narrates the film as "a guy who drops 'em in a tea cup as far away as you can see it."

In the film Hardesty gives an exciting and dramatic display of angling for trout, bass, bonefish, sailfin and trapon. The trout sequences are taken in northern Michigan.

Tax Increase In Doyle Voted

A tax increase of five mills to accumulate a school building fund was approved by a substantial margin by Doyle township school electors Monday.

Voting on two proposals, school electors approved a millage increase, 52 to 30, and sanctioned the levying of five mills over a five-year period, 50 to 29.

It is estimated that the millage increase will create a fund of approximately \$12,000 over the five-year period. With the addition of other supplemental monies expected, the school district proposes eventually to construct a one-room addition to Whitelake school.

Enlargement of the Whitelake building, it is expected will make it possible to handle the district's entire student population through the eighth grade in the one school. Two other one-room schools will be closed.

Social

Legion Auxiliary

The American Legion Auxiliary held its annual picnic Monday evening at the Indian Lake State Park.

During the short business meeting Mrs. George Huber gave a report on Girl State and the Fourth of July program. A letter of appreciation from the American Legion Fourth of July committee was read, thanking the auxiliary for its part in the celebration.

Following the picnic the auxiliary met at the club rooms at which time Carol Barker, representative to Girl State, gave her report. The auxiliary also voted to buy a new piano for the club rooms. The old piano will be given to a worthy cause.

Cards were played later and prizes were given to Mrs. Grace Collier in 500; Mrs. Carl Carlstrom in canasta; and Mrs. Laura Davenport in buncos.

Mrs. Mae McCoy, of Duncan, was a guest at the meeting.

Use Of Central Park For Carnival Granted By City

Reversing a policy informally approved several weeks ago of banning carnivals and circuses from Central Park, City Council Monday night granted permission to the American Legion to have the Skerbeck carnival set up its show on Central Park grounds south of Hewett Grocery Company.

Included with the permission was a stipulation that both show equipment and the public be banned from an area being developed into a softball field.

Orson Livermore, acting city manager, said that snow fencing already extended across part of the grounds to keep the public from the new field until a firm sod has been grown.

Oliver Edwards and Henry Powers, representing the Legion, said Legionnaires would assist the city in keeping people away from the softball area. Sufficient space is available on the northern part of the grounds for the carnival, they pointed out.

The city at a previous meeting had waived the customary municipal fee for carnivals. The Council also agreed to waive a fee for a two-day rodeo slated to be presented here July 31 and Aug. 1 under auspices of volunteer firemen.

James Slings, representing firemen, said that it had not yet been decided whether to give the rodeo in the city or at The Pines, in Manistique township. The Kelly-Miller Circus will present a one-day show at The Pines on Aug. 12 under sponsorship of the Manistique Lions Club.

Firemen Overcome

DETROIT (AP)—Two firemen were overcome Monday night while battling flames that raged through four downtown stores in suburban Royal Oak. The fire burned for more than two hours before it was brought under control. Damage was expected to run into thousands.

City Rejects Paid Holidays

Following a brief closed conference during a regular meeting Monday night, the Manistique City Council informally rejected a union request for five paid yearly holidays.

Council indicated that a formal discussion of the rejection will take place before the action is recorded in city proceedings.

In reaching their unofficial decision, Councilmen said that a two-cent an hour increase granted last fall was approved in lieu of the paid holidays.

Action on the subject was precipitated by a delegation from Local 1196, Union of State, County and Municipal Employees, who insisted that the council give the union a "yes" or "no" answer at the meeting.

Connie Donovan, spokesman for the union group, said the matter had been presented to the city in a letter dated March 11 and that sufficient time had surely elapsed to permit the Council to arrive at a decision.

Another union request made in March had previously been granted by the city. This was for a summer work schedule composed of five 8½-hour days and 5 hours on Saturdays.

The union delegation, in asking for the paid holidays, said many other Upper Peninsula cities had approved them, including Munising, Escanaba, and Gladstone.

Other members of the union

Legion Banquet Honoring Guards Is Well Attended

An American Legion dinner Saturday evening honoring the Manistique National Guard Company was well attended and a complete success, it is reported by Donald Martin, general chairman.

The dinner was held at the Legion building, Walnut St. Speakers were Col. Leonard Ward, Escanaba, Upper Peninsula battalion commander; Capt. E. J. Doyle, commander of the local guard company; and Oliver Edwards, retiring commander of the Manistique Legion post.

Ivor Willcock officiated as toastmaster.

Mueller School Voters Elect Three Trustees

Mueller township school voters Monday elected Leon Carroll, Raymond Olsen and Leatha Vallier to serve as trustees on the township board of education.

Carroll and Olsen were elected to full three-year terms and Leatha Vallier to fill a one-year vacancy.

The vote follows:
Full term—Leola Tennyson, 28; Carroll, 36; Olsen, 35.
Vacancy—Leatha Vallier, 42.

committee were Edward Clement and Elmer Anderson.

The committee also told the Council that the union wanted no part of a proposed insurance program at this time.

Important Meeting On Civil Defense 8 P. M. Thursday, July 16 VFW Building

The Manistique Ground Observer Corps has been ordered on a 24-hour alert.

All persons interested and concerned with civil defense, please attend this meeting.

MANISTIQUE

Phone 155
Daily Press Bldg.
111 Cedar StreetUrgent Defense
Session Called

As a result of a call from the Green Bay filtering center, an urgent civil defense meeting has been convened for 8 p. m., Thursday at the VFW building, it is announced by Eugene Johnson, county civil defense director, and Donald MacLean, ground observer corps director.

The call from the filtering center directed that the Manistique ground observation post be placed on a 24-hour daily alert immediately. No further details were given.

The Manistique post is a vital link in the aerial defense chain stretching across the northern part of the United States. An aerial invasion of the strategic midwest by Soviet Russia, military experts believe, would cross this area.

All local persons interested in and connected with civil defense have been urged to attend Thursday night's session.

Band To Present
Open Air Concert
Thursday Evening

The Manistique Municipal Band will present another outdoor concert Thursday evening, July 16, beginning at 8 on the Court House lawn, it is announced by Ferd Gorsche, director.

The following program will be presented:

Star Spangled Banner, Scott-Key; Invercargill March, Lithgow; Dry Bones, arr. Yoder; Broadway One Step, King; LaGolendrina, Serradell; Trombone King March, King; Old Vienna Overture, King; Men of Ohio March, Fillmore; Moonlight on the Nile, Valse Oriental, King; America the Beautiful, Ward, Missud.

Briefly Told

Choir Practice—The choir of the Bethel Baptist Church will practice in the church tonight at 8:30.

Meeting Cancelled—The Mom's Club meeting, which was scheduled for Thursday, has been cancelled.

Mission Circle—The Rev. V. E. Anderson, of Gulliver, will be the guest speaker at the regular meeting of the Mission Circle of the Bethel Baptist Church which will be held at the home of Mrs. Freda Peterson, Schoolcraft Ave., Thursday afternoon at 2:15.

Sites For 50 To 75
House Trailers In
Manistique Needed

The problem of finding suitable sites for 50 to 75 house trailers by July 25 when the Canadian pipeline construction crew moves to Manistique presented a vexing dilemma to Manistique City Council at its regular meeting Monday night.

Mayor Vern C. Linderth reported that the trailer group, seeking sites equipped with water and sewer connections, would be stationed here until the crude oil line

section is completed in late fall. Movement of workers into Manistique already has started, it is reported, with many families seeking rentable houses, apartments and cabins.

Linderth told councilmen that he had discussed the problem with Fred D. Heltman, executive secretary of the Top O' Lake Michigan Chamber of Commerce.

City board members told Orson Livermore, acting city manager, to cooperate with Heltman in finding trailer sites, pointing out that some homeowners may desire to rent space and facilities to them. Cabin and motel operators also may have space available to rent to the trailer group, councilmen said.

Construction work on the pipeline is scheduled to begin here this month. Starting point of local construction is Thunder Lake road north of Cooks school. Pipe will be laid eastward to connect with a section already installed west from St. Ignace.

Council To Buy
Advertisement In
Tourney Booklet

An appropriation of \$25 to purchase advertising space in the 1953 program booklet of the Upper Peninsula Firemen's Tournament was voted by City Council at a regular meeting Monday night.

The tournament will be held at Crystal Falls Aug. 12, 13 and 14.

The Manistique Volunteer Firemen's Association, which last year sponsored the tournament here, also is purchasing some space in the booklet, councilmen were told by James Slining, 1952 tournament chairman.

The \$25 will be taken from a budgetary tournament appropriation of \$200. The balance of \$175 will be given to volunteer firemen to pay expenses of delegates to the tournament.

Bids Are Accepted
On Four Parcels Of
Municipal Property

Bids on four parcels of city property were accepted at a regular meeting of City Council Monday night. The property was advertised for sale several weeks ago.

The following bids were accepted:

A. L. LaVigne, lot 5, block 4, Oakland addition, \$665; lot 6, block 4, Oakland addition, \$542; Richard Larson, west 10 feet of lot 8 and east 32 feet of lot 13, block 2, Chicago Lumbering Company's addition, \$52; Leo Lillie, north 7.8 feet of lot 4 and south 7.2 feet of lot 5, block 2, Chicago Lumbering Company's addition, \$25.

Doyle Selects
Reid, Belcik For
School Board

Two trustees were elected for three-year terms by Doyle township school electors Monday. Elected were J. Witter Reid and Violet C. Belcik.

The vote follows:
Reid, 76; Violet Belcik, 46; Margaret Dixon, 40. Scattering written votes were marked for Edwin Johnson and Irene Smith.

Gray And Haindl
Named To Inwood
Board On Monday

Herbert Gray and Joseph Haindl were elected full-term trustees of the Inwood Township Board of Education at the annual school election Monday.

The vote follows:
Gray, 59; Haindl, 50; Clarence Jaynes, 45; William Strasser, a write-in candidate, 19.

Easements For Water
Lines Are Received

Easements for extending Manistique's new water lines under the Soo Line tracks here were accepted by City Council at its meeting Monday night, and the mayor was authorized to execute them in behalf of the city.

Need for an easement to cross the M. and L. S. tracks on W. Elk St. was pointed out by Councilman George Stephens, superintendent of the railroad. Immediate steps to obtain the easement were ordered taken.

Installation of new water mains is now underway as part of the municipality's water supply rehabilitation project.

YUGOSLAV GESTURE

BELGRADE (AP)—Yugoslavia, as a token gesture of its sympathy, has sent ten pre-fabricated houses to Turkey as a good will gift to aid the homeless after a recent earthquake there. Short of housing itself, it made a similar gesture by supplying 30 houses to the Dutch after the floods in the Netherlands earlier this year.

IT'S STRAIGHT RYE—This may be the largest loaf of rye bread ever baked. At least that's the claim of the St. Bernard, O., bakers who brought out this 125-pound loaf. Baker Jerry G. Miller holds a regular sized loaf of rye. The other bakers are, left to right, Frank J. Mueller, kneeling, John J. Bruestle, Dick Baker, and Gordon I. Nash. The 12-foot loaf was given to charity.

City Briefs

Mr. and Mrs. Nestor Heggblom and daughter, Joanne, are visiting here at the home of John B. Nessman, 106 Arbutus Ave.

Mr. and Mrs. O. Wise, of Nautaway, are the parents of a son, Marvin Dale, weighing 8 pounds and 13 3/4 ounces, born July 11 at the Schoolcraft Memorial Hospital.

Mr. and Mrs. William J. Sheahan and daughters, Ann Marie and Janet, 223 Range St., have returned from a motor trip through Ottawa, Montreal and Quebec, Canada. They returned by way of Niagara Falls, N. Y., where they visited Dr. and Mrs. Donald Ross, former Manistique residents.

A son, weighing 8 pounds and 2 ounces, was born July 11 to Mr. and Mrs. Jack Phillips, 119 Walnut St., at the Schoolcraft Memorial Hospital. Mrs. Phillips is the former Lois DeCelle.

Mr. and Mrs. John D. Holder and children, of Detroit, are visiting here with Mrs. Holder's parents, Mr. and Mrs. Erroll B. Abell, 229 Range St.

Mr. and Mrs. Earl J. Tufnell, of Indian Lake, are the parents of a son born July 12 at the Schoolcraft Memorial Hospital. The infant weighed 6 pounds and 9 ounces.

Mr. and Mrs. Robert Henry and children, Bill and Susan, of Iron Mountain, visited here Sunday with Mr. and Mrs. Gregor MacGregor, 220 Chippewa Ave.

A son was born July 14 to Mr. and Mrs. Donald Hendrick, of Grand Marais, at the Schoolcraft Memorial Hospital. The infant weighed 8 pounds and 11 ounces.

Mr. and Mrs. John Plazek, of Milwaukee, visited here Saturday with Mr. and Mrs. Gregor MacGregor, 220 Chippewa Ave.

Mr. and Mrs. A. W. Cockram and Joey Nelson have returned from a two weeks' trip to the Black Hills and Yellowstone Park.

Mrs. Arthur Venhaus and son, Jerry, of Milwaukee, Wis., are visiting here at the home of Mr. and Mrs. Robert Sellman, 701 Manistique Ave. Mr. Venhaus returned to Milwaukee after accompanying his family here.

Mr. and Mrs. Carl Olson and daughter, Janet, 365 Lake St., have returned after spending three weeks visiting relatives in Minneapolis and Duluth, Minn.

Mrs. Hazel Whitman, 800 Arbutus Ave., has returned after spending a month visiting relatives in Detroit, Saginaw and Lexington. She was accompanied back by her two sisters, Mrs. Fred Wood, of Detroit, and Mrs. James Dupuis, of Saginaw. They returned to their homes Monday.

Mr. and Mrs. Louis Longpre and sons, Timmy and Terry, of Bradenton, Fla., and Mrs. Lawrence Irish, of Flint, have arrived to spend 10 days here with Mrs. Mina Mulhaupt, 520 Michigan Ave., and other relatives and friends.

Mr. and Mrs. David Swanson, of Chicago, have arrived to visit here with his mother, Mrs. Hannah Swanson, Alger Ave.

Mr. and Mrs. Don Warren and daughter, Donna Mae, of Kalamazoo, were recent guests at the Noel Hursh home in Thompson.

Incumbents Are

Walks For 13th

The City Commission in regular session Monday evening authorized the asking of bids for the construction of sidewalk on 13th St., in places where the walk has not already been constructed, is not now the process of being built or where it has not already been constructed for.

In such instances the walk is to be constructed and the cost will be levied against the property through special assessment.

It was voted to set aside one hundred dollars from the park fund for purpose of paying a band director for holding practices and conducting concerts during the remainder of the summer. The director is to receive \$5.00 for each rehearsal and \$10 for each concert.

An increase in the salaries of Bill LaFond and Carl Haglund, head of the light utility and the street and sewer department, respectively, was granted.

A request for a general increase for all employees was received but the matter was tabled for consideration at a later meeting.

City Briefs

Mr. and Mrs. Arvid Holmquist and son, William, Milwaukee, were recent guests at the William Ogren home. Mrs. Holmquist is a sister to Mrs. Ogren.

Mr. and Mrs. John Lundmark and daughter have arrived from Boyne City, Mich., where he was ski instructor during the winter months, for an indefinite visit with his parents, the Herb Lundmarks.

Mr. and Mrs. Jake O'Hara and Mr. and Mrs. Cecil Collins have returned to their homes in Thief River Falls, Minn., following a week's vacation visit with Mr. and Mrs. William Carrier.

Mr. and Mrs. Hagie Quarnstrom have returned from a vacation visit with her mother and sisters in Cordele, Ga., and from Kalamazoo where Mr. Quarnstrom attended meetings of the Michigan Association of County School Administrators.

Mr. and Mrs. J. P. Kegel and son Jack have returned from a two weeks' vacation visit at Yellowstone National Park. Enroute home at Minot, N. Dak., the Kegels met the Renold Anderson family who were on their way home to Oregon. The Andersons are former Gladstone residents.

The condition of Charles Erfourth, who is a medical patient at St. Francis Hospital, is much improved.

Mrs. Jane Brown, daughter Betty Jane, Green Bay and son, A. C. LeRoy Brown, who is stationed at Harlingen, Tex., are visiting for a few days with Mrs. Irene Stewart.

Miss Janet Moreau is spending a week visiting at Traverse City and Muskegon with relatives.

Mrs. L. Gorton and Mrs. H. C. McGee and children, Conway and Mary Lou and Miss Audrey Frye, Stamford, Conn., are vacation visiting with Mrs. Richard Buck and children. Mrs. Gorton and Mrs. McGee are sisters of Mrs. Buck.

Mrs. Minnie Payne and grandson Hudson Perow, Green Bay, visited Tuesday with Mr. and Mrs. Fred Siebert.

Mr. and Mrs. John Paine and family have returned from a week's vacation visit with relatives in Fond du Lac and New Richmond, Wis.

Is Fined \$65 As
Reckless Driver

Pleading guilty to a charge of reckless driving, Karl Bosk, Escanaba, was fined \$65 and assessed costs of \$6.60 upon arraignment before Justice A. T. Sohlberg here yesterday.

On a charge of driving without a valid operator's license he was assessed court costs of \$6.60. In addition his right to obtain an operator's license was suspended by the judge for 90 days.

Bosk was arrested by Gladstone City Police Saturday night.

Get Seven Offenders
In Bicycle Court

MONTPELIER, Vt. (AP)—Business was good the first day but no money was taken in.

At the first session of the new bicycle court seven respondents pleaded guilty to violations of the bicycle ordinance. Sentences ranged from suspension of the right to ride a bicycle for a week to making two or three copies of the ordinance rules and regulations.

Complaints included riding a bike on the sidewalk, riding double, or not having proper registration, lights or horn.

Police Captain George Connor, who is in charge of the bicycle patrol, reports that he has received fine cooperation from the parents of the young offenders.

A RIFT IN THE CURTAIN?—Newsmag shows areas where the Russians have lifted travel restrictions for foreign diplomats and correspondents in certain parts of the U. S. S. R. Big industrial cities of the Ural Mountain region are still off limits, although foreigners are permitted to use the Trans-Siberian Railway to enter or leave Russia through the port of Vladivostok on the Sea of Japan. Formerly foreign travel was limited to within a 25-mile radius of Moscow.

Contract For Sale Of
Current To Mead Corp.
Sought By Gladstone

Authorization was given by the City Commission Monday for a

meeting of Gladstone City officials with officials of the Mead Corporation at Dayton, Ohio, Thursday to discuss terms of a contract for the exchange and sale of power if and when Gladstone builds its own electric generating plant.

Making the trip will be City Manager H. J. Henrikson, Mayor Michael LaPine and City Attorney Clyde McGonagle. They will be joined at Dayton by Charles Podas, member of the engineering firm of Pfeiffer and Schultz, Minneapolis, who made the electric survey for the City of Gladstone.

They leave by train tonight and

only Thursday will fly to Dayton.

August Too Early

A letter from Wynnand Nieuwenkamp, manager of the Alger-Delta Cooperative Electric association, advising that it would be impossible to meet the August 1 deadline on a power contract, was read to the commission.

The letter was in response to a letter from City Clerk H. J. Henrikson advising the REA, which is seeking a loan for building of an electric power plant and is interested in furnishing electric energy to Gladstone from their surplus, that the commission had asked for a commitment from Escanaba to the Alger-Delta, assurance from the REA that the loan is to be approved, and a definite contract with rate schedule by August 1.

A special meeting of the City Commission has been scheduled for Monday, August 3, at which time the anticipated contract from the Alger-Delta was to be considered.

Mr. Nieuwenkamp advised the commission that the August 1 deadline could not be met because he does not expect a commitment from Escanaba earlier than the latter part of August.

Nieuwenkamp stated in his letter that Ancher Nelson, Washington, D. C., director of the Rural Electrification Administration, has requested a joint meeting of the City Commissions of Gladstone and Escanaba and interested citizens be arranged for Tuesday, July 28.

The commission continued plans for the August 3 meeting.

Two Baptized—Sandra Marie Maaks, daughter of Mr. and Mrs. Werner Maaks, Milwaukee, and Rodney Allen Anderson, son of Mr. and Mrs. Walter Anderson, Gladstone, were baptized Sunday at Calvary Lutheran Church in Rapid River. Sponsors were Mr. and Mrs. Lloyd Olson, Gladstone, and Mr. and Mrs. Maaks, Milwaukee. Others present were Mr. and Mrs. William Maaks and daughter, Donna, Milwaukee, Mrs. August Anderson, Ensign, and Mrs. Hilda Norlund, Gladstone.

Has All-Star Jinx Struck Down Yank Mickey Mantle?

By JOE REICHLER

CINCINNATI (P)—Has the All-Star jinx struck again?

Casey Stengel was a mighty worried man today as he took his league leading New York Yankees into St. Louis for a three-game series.

News that Mickey Mantle found it painful to walk following the aggravation of a pulled leg muscle in Tuesday's All-Star game was even more distressing to the grizzled pilot than the American League's 5-1 defeat at the hands of the Nationals.

May Sit Out Game

The pain was so severe that Mantle may not be able to play against the Browns Thursday night.

Stengel was blaming himself to-day for Mantle's re-injury. He permitted Mickey to play in the All-Star game against his better judgment. It wasn't until five minutes before the start of the game that Casey decided to yield to Mantle's insistence on playing.

In the seventh inning, Mickey hit a sharp force play grounder to shortstop and, in putting on speed to avert a double play, re-injured his left leg. The young slugger was playing with a taped leg, hurt for the first time two weeks ago, and re-injured last Sunday against Washington.

Ironically, Capt. Ted Williams of the Marine Air Corps, was an interested spectator.

Williams Was Victim

The Boston Red Sox slugger himself was the victim of the most recent serious All-Star injury. Ted fractured his left elbow crashing into the wall while making a spectacular catch in the first inning at Comiskey Park, Chicago, in 1950.

Williams, as well as the crowd of 30,846 cash customers, saw a game entirely different from what they had anticipated. Expecting to see the sluggers knock down the Crosley Field fences, the fans saw instead the pitchers all but completely dominate the hitters. No home runs were hit for the first time since 1944. There wasn't even a measly triple. The only extra base hit was a two-bagger by Pee Wee Reese that could have

been held to a single with sharper fielding. In all, 15 hits were made, 10 by the victors. Robin Roberts, Warren Spahn, Curt Simmons and Murry Dickson, in that order, held the American Leaguers to five singles. They had a two-hit shutout until the ninth when singles by Ferris Fain, pinch hitter Johnny Mize and Minnie Minoso off Dickson provided the only A. L. run.

Fourth Straight Loss

The defeat was the fourth straight for the American League as well as for Stengel, who has yet to win an All-Star game. The American League still holds a 12-8 edge, however, after the 20th game.

The National League attack was paced by Enos Slaughter and Reese, a pair of veteran All-Star performers. The 37-year-old Slaughter, now a 10-year-man in All-Star play, gave his greatest performance. The Old Warhorse rapped two hits, drove in a run and scored two. He also stole a base and electrified the crowd with a brilliant diving catch of Detroit's Harvey Kuenn in the sixth inning.

Reese, hitless in eight previous All-Star games, drove in two runs with a single and double. Stan Musial got two hits but they didn't figure in the scoring.

The Americans received shut-out pitching from Southpaw Billy Pierce to match three scoreless innings of pitching by Robin Roberts. Each allowed only one hit.

Escanaba Cubs At Gladstone Field Tomorrow Evening

The Escanaba Cubs will invade the Gladstone diamond Wednesday evening at 6 for a makeup Waubung League game.

Coach Al Ness will call on one of four pitchers available for mound duty. John Berigan, Ricky Erickson, Dick Cass and Gary Paler make up the mound staff.

Other starters will be Allan Erickson, catcher; Tony Kutches at first, Cliff O'Donnell at second, Billy Goudreau at short, Frank Katrinski at third, and Bob Chriske, Dave Viau and Bob-Dubrow, outfielders.

The Cubs enter the game with a record of six wins against two losses in league play.

Kuenn Robbed Of Hit In All-Star Contest

CINCINNATI (P)—Harvey Kuenn was the only Detroit Tiger to appear in the All-Star game Tuesday, but he figured in the most exciting play of the game.

Kuenn came in as a pinchhitter for Allie Reynolds in the sixth inning. He belted a Curt Simmons pitch into right field for what seemed to be a sure extra base hit.

However, 37-year-old Enos Slaughter raced in after the sinking line-drive and speared it in a sliding roll-over catch to rob Kuenn of a hit in his first appearance in the baseball classic.

The fans gave Slaughter a tremendous cheer when he came up with the ball.

LOANS WIN

Liberty Loans defeated the P-H Welder Plant 6-5 in city recreation league baseball yesterday.

Rookie Hurler Blanks Toledo Sox By 2 To 0

By The Associated Press
With St. Paul's rookie Don Bessent stifling Toledo's upward surge on a 2-0 shutout, league-leading Indianapolis gained breathing space in the American Association by finally posting a victory.

The Indians checked a recent slide at four losses by beating Minneapolis Tuesday night 3-1. Coupled with the Toledo loss, it gave Indianapolis a game and a half margin over the runnerup Sox.

In other games, Louisville moved into a third-place tie with Kansas City by beating Charleston 8-2 while the Blues were losing to Columbus 5-4. The victory gave Columbus sixth place, one-half game ahead of Minneapolis.

Bessent fanned nine Toledo batters and scattered six hits. His teammates backed him with 10 hits.

Softball

WEDNESDAY — Paper Mill vs. Dells at 7:15; Kesslers vs. Westbys at Docks at 7; St. Joe vs. Delta Frame at Webster at 7.

GAME OF THE WEEK — Paper Mill vs. Dells on Wednesday night at 7:15.

Odd Things Happen In All-Star Games

CINCINNATI (P)—Funny things happen at All-Star baseball games.

In the eighth inning Tuesday pinch-hitter Ed Robinson of the Athletics powered one of pitcher Murry Dickson's heaves into right field. Enos Slaughter settled under the ball, caught it, and Robinson headed back to the bench.

But the umpires ruled it was "no play." A ball from the bullpen had rolled into the playing field, and one of the six arbiters had called time.

So Robinson was ordered back to the plate, and hit another high fly to right, which Slaughter caught. Robinson was out.

Capt. Ted Williams, Boston slugger just back from Korea, tossed out the first ball and then sat on the American League bench. He

got a standing ovation from the 30,000 customers as he walked across the diamond.

One of the big oddities of All-Star play popped up on this same Crosley Field, when the big contest was held here in 1938.

In the seventh inning, with the Nationals leading 2 to 0, Frank McCormick opened with a single. Leo Durocher, making his last start as a player, put down a good burn along the first base line and Jimmy Fox, trying for the put-out, threw the ball into right field.

Joe Dimaggio ran it down, and threw wildly towards the infield. Lippy and McCormick kept right on running, and Durocher turned his bunt into a round-tripper. The two runs sewed up a 4-1 National League victory.

Spahn, who received credit for the victory, hurled two hitless innings before giving way to pinch hitter Ashburn. Simmons permitted one hit in the two innings he pitched. Stengel used 22 players. National League Manager Charlie Dressen used 19.

Set Little Bigger, Little League Tournament Dates

All Stars Play At Birmingham

The Escanaba entry in the Little Bigger League state tournament, to be held at Birmingham July 27-29, drew an opening round bye, according to tournament drawings released today by Donald Chaffee, Little Bigger League state director.

The tournament will be a one-game elimination affair with all games slated for the New Birmingham High School field.

Representing Escanaba at the state tourney will be a 15-player team of All Stars, who will be selected by team managers Friday evening, July 17.

Escanaba this year entered the Little Bigger League program with 90 boys participating 13 through 15 years of age.

The annual Little Bigger League Tag Day will be held Thursday and Friday this week to finance the All Star team to the tournament.

Uniformed Little Bigger League players will sell tags throughout the city. The tags will serve as admission tickets to a game between the All Stars and the Escanaba Cubs of the Waubung League Monday, July 20, at Memorial Field. Harnischfeger and the Paper Mill will tangle in a feature softball clash as the windup game.

In charge of Tag Day sales will be Art Petersen, city recreation director.

Little Bigger League stars will be decked out in their new white and black uniforms for the Monday night game.

Tournament pairings:

Monday, July 27

Farmington vs. Berkley, 2 p. m.

Huron Valley vs. Birmingham, 5:30 p. m.

Escanaba, bye.

Tuesday, July 27

Escanaba vs. 5:30 game winner, 5:30 p. m.

Farmington - Berkley winner, bye.

Wednesday, July 29

Championship game, 5:30 p. m.

Four Home Lions' Games To Be TV'd

PITTSBURGH (P)—Four Detroit Lions' home games will be telecast by Westinghouse Electric Corp.

Westinghouse announced it will telecast 2 Saturday night and Sunday National Football League contests. The games will be carried by Dumont television network.

Lions' games on TV will be Oct. 11, San Francisco 49ers; Oct. 18, Los Angeles Rams; Nov. 7, Baltimore Colts and Dec. 6, Chicago Bears.

In This Corner

With Ray Crandall

Pittsburgh Pirate scout Marty Purtell took a look at the pitching of Escanaba's Fred Boddy recently and liked what he saw. Purtell, veteran in the Pittsburgh baseball organization, asked Boddy to attend the Pirates' spring training camp to be held in March. The 6 foot 1 inch, 175 pound southpaw, who was undefeated in his high school mound career, figures on attending college in the fall. He may enroll at Western Michigan in Kalamazoo or Northern Michigan at Marquette. The Chicago White Sox also sent a scout up to look at Boddy recently, and the Cleveland Indian scouts who conducted their school here recently have been keeping an eye on the former Eskymo athletic star.

Ironwood will provide the opposition for Sault Ste. Marie in the Upper Peninsula American Legion Junior baseball championship tournament to be played Saturday and Sunday. Pat Cvenegros will grace the mound for Ironwood in the opener. He's the Red Devil athlete who has already attracted the attention of several major league scouts. He didn't lose any admirers in the semifinal tournament game against Stambaugh. He pitched a near-perfect game, allowing no hits, no runs, no walks and allowing only one man to reach first base.

The Milwaukee Braves wasted no time in getting the Upper Peninsula sports editors on their side. George Mair, director of public relations for the Milwaukee major league team, recently mailed complimentary gate passes to the Upper Peninsula daily sports scribes.

Jack Adams, who along with Red Wing captain Ted Lindsay, will appear before the Paper Mill employees July 20 and the Escanaba Hawks Hockey Club July 30, is recognized as the greatest developer of a farm system in hockey. He has an outstanding record with Detroit for 26 years and prior to that was a star player with Toronto. Lindsay has been a Red Wing for the past nine seasons.

Ailing Sammy Sneed Favored At St. Paul

ST. PAUL, Minn. (P)—Sammy Sneed, ailing wrist and all held down the familiar favorite's role today in the \$15,000 St. Paul Open golf tournament which starts Wednesday over the Keller course.

For Sneed, the par 72 Keller layout has been money in the bank down through the years. The long-driving veteran has amassed almost \$9,500 and won two titles in the St. Paul event, tops in overall cash performance.

Sneed's chances for a third title were boosted Tuesday, with the withdrawal of defending champion Cary Middlecoff, who had been ranked as a co-favorite.

Sneed's chances for a third title were boosted Tuesday, with the withdrawal of defending champion Cary Middlecoff, who had been ranked as a co-favorite.

Stevens Point Is Host Again

Escanaba Jaycee Little Leaguers will enter district tournament competition at Stevens Point, Wis., on Thursday, July 30, it was announced this morning by league president George Hagen.

The Escanaba team will meet Kenosha No. 1 team in its opener in a 3 p. m. game July 30.

Little Leaguers here began preparing for tournament action today when batteries were called to a 2 o'clock practice session under the eye of Al Ness. Reporting were pitchers Gene Seguin, Bob Dagenais, Cory Johnson, Jim Bourdeau, Leroy Lancelot and Ron Greenwood, and catchers, Dave Andrews, Ken Hamilton and Dick Stawich.

An intra-league game will be played Friday evening with Ness and team managers looking on. Opening lineups for the game will be announced tomorrow. Tentative plans for Saturday call for a workout in the morning with a second intra-league game in the evening.

Highlight of next week's play will be an exhibition game with the 1952 All Stars, while an exhibition game with the Menominee "small fry" is being considered.

In line with the national trend of Little League expansion, entries in the district tournament at Stevens Point have doubled over last year. A total of 15 teams will see action in this year's tourney.

Opening day schedule:
At Mead Field
Stevens Point vs. Wausau, 9 a. m.

Wausau vs. Wausau, Minn., 10:30.

At St. Pete Field
Green Bay Lions vs. Slayton, Minn., 10:30.At Mead
Green Bay vs. Eau Claire, 1:30.
Escanaba vs. Kenosha No. 1, 3:00.At St. Pete
Green Bay vs. LaCrosse, 1:30.
Green Bay vs. Kenosha No. 2, 3:00.

Green Bay dominates the entry list with four teams.

Second round games will include four games Friday, all at Mead Field. Saturday morning the semifinal games will be played at Mead with the championship slated in the afternoon.

MILWAUKEE (P)—Kid Gavilan, the bolo-punching world welterweight champion, hasn't been too impressive in his last two bouts, a fact which bodes no good for Ramon Fuentes tonight.

Gavilan, the Cuban hawk who can be very good when he wants to be, is expected to go all out when he takes on Fuentes, of Los Angeles, the eighth-ranking 147-pounder at the Milwaukee arena.

It is a non-title affair scheduled for 10 rounds.

CARD OF THANKS

We wish to express our sincere thanks and heartfelt appreciation to our relatives, friends and neighbors during our recent bereavement, the death of our beloved husband, father and brother. Especially do we thank Rev. Gerald Bowen, the pallbearers, those who sent flowers and donations or helped in any manner. Their kindness will always be remembered. Mrs. John J. Gardiner, Mrs. Violet Gardiner, Earl Gardiner, Mr. and Mrs. Leslie Kleinhenz. A2069-196-11

We desire to extend our heartfelt thanks to all who aided and comforted us in our recent and bereavement, the death of our beloved husband, father and brother. Especially do we thank the choir, the pallbearers, those who furnished cars, the Rev. James Bell for his comforting words, and those who sent floral offerings. Mrs. Leonard Gardiner and Family. Mrs. Henning Peterson, Miss Violet Gardiner, Earl Gardiner, Mr. and Mrs. Leslie Kleinhenz. A2069-196-11

We wish to express our heartfelt thanks to the many friends and neighbors who by their acts of kindness in the last illness and death of our wife and mother, helped to lighten our burden of sorrow. Especially do we thank the Rev. Fr. Thompson, Fr. Nedau, Fr. Stephen, the pallbearers, those who loaned cars, and the many friends who sent floral offerings. We thank you all. John Dagenais and Family. A2077-196-11

New Rescue Buggy Successful In Korea

DETROIT (AP)—A new military armored vehicle has successfully gone through Chinese Red artillery and small arms fire to evacuate GIs stranded in Korea, its designers here noted with undisguised pride.

The Army disclosed Monday that the new armored military personnel carrier, known as the T-18, had successfully carried out the recent evacuation of American soldiers stranded on Pork Chop Hill by the onrushing Chinese Reds.

The Army said the T-18, a heavily armored, full tracked vehicle, carried out the operation without the loss of a man under direct Communist fire.

Brig. Gen. Carroll H. Deitrick,

commander of the Detroit Arsenal and Tank-Automotive Center, said: "We're very, very happy."

He said the new vehicle, given its baptism of fire during the Pork Chop Hill action, was "dreamed up and designed" at the Detroit plant.

"We knew when we first dreamed up the T-18 that it was a life saver," the general said. "We naturally are very pleased that it has exceeded our expectations."

"We claimed great agility for the T-18 and knew it would save lives by standing off small arms and shell fragmentation."

The general was particularly elated when he learned that the vehicle also rode out under heavier fire, including mortar and artillery bursts.

The T-18, after being brought into existence here, was turned over for further development to the International Harvester Corp. at Chicago.

It was put into production about a year ago by both International Harvester and the Food Machinery and Chemical Corp. at San Jose, Calif.

The exact number of vehicles which have been completed has not been revealed.

Thompson

Briefs

THOMPSON—Douglas Potvin, son of Mr. and Mrs. John Potvin, is spending his summer vacation at the home of his aunt and uncle, Mr. and Mrs. Russell Paulson, at Ypsilanti.

Seaman 1st Class Clyde Rogers, who is on the U. S. steamer, Albany, from Norfolk, W. Va. and his parents, Mr. and Mrs. Clyde Rogers Sr. of Battle Creek are spending 10 days vacation at their motel here.

Mr. and Mrs. Charles Whitehead of Miami, Fla. are guests at the home of the latter's sister and family, Mr. and Mrs. Joseph Nelson, and her brother and family, Mr. and Mrs. Charles Faulkner, at Manistique. The Whiteheads are former Thompson residents.

Mr. and Mrs. Louis Cox have begun construction on their new home on the property which they recently purchased from Mr. and Mrs. William Rogers. They have their machine shop already completed.

Mr. and Mrs. Homer Bradley and children of Detroit have arrived at the home of her parents, Mr. and Mrs. James Osterhouse, at Willow Beach for the summer.

Mr. and Mrs. Floyd Ferguson and four children arrived Sunday at the home of her grandparents, Mr. and Mrs. Charles Sample, from Las Vegas, Nev.

Earl Adkin of Detroit called on old friends here Saturday after an absence of 12 years. He is employed by the Borden Milk Co.

Mr. and Mrs. Ellis Erickson and boys were guests over the weekend at the home of the latter's grandmother, Mrs. Antoine Goodreau, and other relatives in Munising.

Trout To Be Taught To Be More Wary

LANSING (AP)—Fishes here are being taught to be more wary of man. Now they're going to use our tax money to teach fish to be harder to catch.

Yep, the State Conservation Commission said it had set up a \$16,700 research program with three psychologists from Michigan state college to teach hatchery-raised trout to be less glibly when you and I flip 'em a little fly.

It seems the hatchery trout are kind of suckers, that is, they don't know how to take care of themselves.

The idea is to teach 'em to look for their food on the bottom while we are whipping flies on the surface and to duck for cover when us fishermen come around.

The department said it wants to teach trout to "be somewhat less eager to take an angler's hook."

Look Couldn't they teach 'em to be more eager?

LOTS OF FAITH — An unidentified "believer" at Woodside Community Mission in Greenville, S. C., confirms her faith by holding a puff adder and a copperhead above her head. The snake-handling sect is holding a series of revivals, and Minister J. I. Schackelford promises more and larger serpents will be imported for future meetings.

58-Year-Old Good Deed Not Forgotten

UNIONTOWN, Pa. (AP)—In 1895 Charles Montgomery saved the life of J. A. Stewart while swimming in a reservoir. After Stewart had been dragged from the water he

thanked Montgomery, telling him he would always remember.

Shortly afterwards, Stewart left to make his home in New York. Recently, Montgomery, now 76, was notified through a bank that Stewart had died—and left him a \$500 bequest.
